NO. 297—EIGHTIETH YEAR

VICTORIA, BRITISH COLUMBIA, WEDNESDAY, NOVEMBER 30, 1938

GOVERNMENT OFFER WOULD INSURE LINE OF EMPIRE DEFENCE

System of Wireless and Wire Communication
Would Be Created Without Cost to Administrations
of Those Countries Concerned—Ex-
pect to Make Start in West Indies

LONDON, Nov. 29 (CP-Havas).—British Cable and Wireless Company, Limited, tonight announced an offer of the Government to "insure the second line of colonial defence" by creating a system of wireless telegraphic and telephonic communication throughout the Colonial Empire without cost to the administrations of peoples concerned.

The plan announced by the company's chairman and managing director, Edward Wilshaw, provides for installation of wireless receiving and transmitting facilities at all cable stations where no commercial wireless service is in operation, with the company bearing the cost of equipment and the necessary expenses.

While the new facilities would be complementary to the existing cable service, their commercial use would bring additional revenue to the company.

The proposal, it was believed, has important strategic and economic potentialities, and is expected to be of substantial benefit to the commerce of the colonies.

The beginning would probably be in the British West Indies, where many islands have no facilities for wireless, telephone and telegraph intercommunication or for establishing contact with ships and aircraft. "It is indeed a second step," Mr. Wilshaw said.

MAY INCREASE APPROPRIATION

Non-Permanent Militia Ex-
pected to Receive Larger
Sum in Estimates

OTTAWA, Nov. 29 (CP).—Estimates for the National Defence Department are being drawn up for submission to the Treasury Board, and it is expected that a considerable increase over previous years.

From the statement of Hon. Ian MacKenzie, Minister of National Defence, in an address last night, it is expected one branch of the service which will be allowed a generous appropriation than in the past, will be the non-permanent militia. In recent years, officers and men of the non-permanent force generally have turned their allowances back to their unit for the purchase of equipment which the Government failed to supply.

One grievance of the non-permanent militia is that the troops have to buy their own boots, even to go to camp. Various resolutions from the defence associations have urged the Government to provide these. It is not improbable this grievance will be removed in the forthcoming estimates.

Coastal fortifications and flying bases will likely receive closest attention. Surveys during the past year disclosed need for new air stations in Canada. Existing stations will be strengthened, both with equipment and personnel, and some will be expanded.

TRAINING FOR R.A.F.
The air appropriations will take into account possibility of training in this country flyers for the Royal Air Force. If this plan is approved, the training schools across the country will be enlarged, with possibility instructors and machines may be sent here from the United Kingdom.

Canadian Envoy At Paris Retires

OTTAWA, Nov. 29 (CP).—Hon. Philippe Roy, Canadian Minister at Paris, will retire tomorrow. He is seventy years old and has represented Canada at the French capital since 1911.

Dr. Roy's retirement will create the third vacancy in Canada's young diplomatic service. Recently, Hon. Randolph Bruce returned to Canada and announced his retirement as Canadian Minister to Japan.

Plane Broken by Waves

When an air liner of the type shown was forced, by fuel shortage, to land on the ocean off the California coast yesterday, five persons were drowned and two escaped alive. The plane broke into excellent landing, only to be broken to pieces by the heavy surf.

Council Invites Other Districts To Joint Parley

Greater Victoria Unified Transportation System to
Be Discussed by City, Oak Bay, Saanich and Es-
quimalt Representatives—Aid Sought From
Chamber of Commerce and Real Estate Board

A GREATER Victoria transportation system to replace street cars will be discussed by the City Council franchise committee and appointed representatives of Oak Bay, Saanich and Esquimalt, it was decided at a City Council meeting yesterday morning.

On motion of Alderman Edward Williams, the Victoria Transportation Agreement and Franchise By-Law (1938), was tabled for two weeks in order to give the municipalities time to arrange the first joint conference. Mayor Andrew McGavin was asked to set a date.

In commenting upon the motion, the mayor stated he would like to see the municipalities pay their fair share of the cost of the transportation investigation. He assured the council no outside representatives would be in the majority over aldermen in future franchise parleys.

Mr. Beck said that he would be here in person to present a report on the electric light and power franchise about December 12.

SOLICITORS TO CONFER
Alderman S. H. Okeil suggested that the solicitors of adjoining municipalities confer with Forrest L. Shaw, city solicitor, in regard to a unified transportation system.

Mayor McGavin directed that the Chamber of Commerce and Real Estate Board be requested to prepare a statement on proposed transportation routes.

In discussing the by-law to make provision for the establishment and operation of a system of passenger transportation for the city, it was agreed to table proposed routes for separate discussion.

Extracts from the by-law discussed clause by clause at the meeting follow:

TWO CONVICTED ON SPY CHARGES

Third Accused of Conspiring to
Steal U.S. Military Secrets
Awaiting Verdict

NEW YORK, Nov. 29 (AP).—Red-haired Johann Hoffman, German shipyard foreman, and Otto Herman Voss, airplane mechanic, were convicted by a Federal court jury tonight of conspiring to steal military secrets of the United States.

Unable to reach a verdict on the case of a co-defendant, Erich Glaser, former army air corps private, the jury retired at midnight with instructions to resume deliberations at 10 a.m. tomorrow.

The three face maximum sentences of twenty years in prison.

Ataturk Leaves Estate to Nation

ANKARA, Nov. 29 (AP).—The late President Kamal Ataturk left the principal of his \$5,000,000 estate to the nation under his will, which was published today. Before his death the dictator bequeathed most of his farms and factories to the state. Interest is to provide life incomes for his sister and five adopted daughters, a house for Sabina Gokcen, one of the daughters seriously ill of a nervous breakdown, and the highest possible education for two children of Ataturk's successor, Ismet Inönü.

Budget Balanced With Income Tax Comfortably Low

JERSEY, Channel Islands, Nov. 29 (CP).—Jersey balanced its budget today with £23 (£107) on the credit side of the ledger. The income tax rate for 1939 will be sixpence in the pound sterling—a rate that compared with five shillings, sixpence, in the neighboring British Isles.

CHANGE DATE OF BIRTHDAY

Dominion to Celebrate Anni-
versary While His Majesty
Visiting Ottawa

OTTAWA, Nov. 29 (CP).—Celebration of the King's birthday will be observed next May 20 while His Majesty and Queen Elizabeth are in Ottawa. It was announced here by Prime Minister Mackenzie King after a Cabinet Council.

Actual date of the King's birthday is December 14, but since his accession to the throne it has been observed June 9.

Canadians will celebrate His Majesty's birthday May 20 only next year. The change was made with the King's approval.

Statutes of Canada empower the Governor-General-in-Council to fix, by proclamation, the date on which His Majesty's birthday will be celebrated, and the necessary proclamation will be issued shortly.

TO LAND AT QUEBEC

The King and Queen will reach Canada, May 15, for their Canadian tour of approximately three weeks. They will land at Quebec and presumably will come almost direct to Ottawa.

In making his announcement, the Prime Minister said:

"In view of the happy circumstances that their Majesties the King and Queen will be in Canada during the latter part of the month of May, it has been deemed appropriate that the celebration of the King's birthday in Canada in 1939 should take place during their Majesties' visit. It was thought fitting also that the date appointed should be a day when their Majesties are expected to be at the Capital of Canada."

Blank Cheque Ready to Pay For Defences

Explosions Wreck Buildings
On Northern Side of Eire
Border Only

LONDON, Nov. 29 (CP).—Sir John Simon today told the House of Commons that the Government was ready to pay a blank cheque for an unspecified sum next year for armaments, in addition to the £400,000,000 (\$1,800,000,000) loan authorized by the defence loan of 1936.

The House was unofficially believed ready to give the Chancellor of the Exchequer a blank cheque for any amount he wished to borrow as Britain rushes ahead with her vast defence programme.

HOUSE TO OPEN
ON JANUARY 12

Parliament May Adjourn for
Visit of King if Work Un-
completable by May

OTTAWA, Nov. 29 (CP).—Prime Minister Mackenzie King announced tonight the Government had chosen January 12 for opening the next session of Parliament.

This date, he said at a press conference following a Cabinet meeting, had been considered most suitable having regard to convenience of members coming from a long distance, and to the desire of the Government to have its legislative programme ready.

In selecting the second Thursday in January for the formal opening of the Government has given Parliament a bare four months to complete its work before arrival in Canada of King George and Queen Elizabeth next May 15.

GENERAL ELECTION FORESEEN

In view of the fact 1939 is expected to be a general election year with a consequent heavy legislative programme and the likelihood of prolonged debate, the objective of the Government before the visit of their Majesties would seem difficult of attainment, observers here believe.

If prorogation is impossible within four months there will be an adjournment to permit members and ministers to be in their own ridings for the Royal tour.

KING SHOWS GRATITUDE

LONDON, Nov. 29 (CP-Havas).—King Carol of Rumania today sent a donation of £500 (\$2,325) to London municipal authorities to be used for charitable work. The gift was sent as an expression of thanks for the cordial reception tendered the King during his State visit.

WHO has been appointed Quartermaster-General of His Majesty's Canadian Army at National Defence Headquarters in Ottawa.

Trying to Stamp Out Iron Guard

BUCHAREST, Nov. 29 (AP).—The Rumanian Government today arrested a girl and 100 men in an effort to stamp out the Iron Guard, members of which are suspected of trying to assassinate a former State Secretary of Education.

Bucharest officials said the shooting and wounding Monday of Florin Stefanescu Goanga, rector of Cluj University and former State Secretary of Education, was a challenge that must be answered with extinction of the Iron Guard.

IRISH CUSTOMS HOUSES RAZED

Explosions Wreck Buildings
On Northern Side of Eire
Border Only

BELFAST, Nov. 29 (AP).—A number of explosions of land mines late tonight along the border with Eire wrecked customs houses of Northern Ireland.

Customs houses on the Eire side were reported untouched. No one was reported hurt.

One customs house was blown up at Newtown Butler, where the Northern Ireland Government for the last two weeks has banned meetings scheduled to protest against partition.

William McNamara, eighteen, member of the Irish Republican Army, was sentenced today to two years hard labor following discovery in his home of five plans of the principal Government buildings and instructions for the manufacture of land-mines. Police said they found plans of the city hall, the Royal Courts of Justice, post-office, customs house and other public buildings in McNamara's rooms.

RECRUITS COMING IN

LONDON, Nov. 29 (CP-Havas).—A total of 21,000 volunteers have responded to Air Secretary Sir Kingsley Wood's appeal for 31,000 recruits for the Royal Air Force before March 31, 1939.

Appeal Court, by Split Decision, Continues In-
junction Against Fuel Control Board While
Validity of Legislation Is Being Tested

VANCOUVER, Nov. 29 (CP).—The Court of Appeal of British Columbia today dismissed an appeal of the Crown from a Supreme Court injunction restraining the Provincial Coal and Petroleum Products Control Board from putting into effect an ordered reduction in the retail price of gasoline sold in the province.

Attorney-General Gordon B. Wismer in Victoria said the Crown does not intend to carry its case further pending hearing of a trial on validity of Provincial legislation under which the Control Board was appointed.

Chief Justice Arbour Martin and Mr. Justice Gordon Sloan were in agreement on the court's decision.

Heavily-Armed Troops Patrol Strategic Centres of
Country Prepared to Enforce Orders of Daladier
For Smashing General Strike of Protest
Against His Decree Laws

Industrial Regions Guarded By Thousands of Soldiers

PARIS, Nov. 30 (AP).—France resembled a nation prepared for war early today as heavily-armed troops patrolled strategic centres ready to enforce Premier Daladier's orders to smash the general one-day strike against his decree laws. Long before dawn long files of steel-helmeted soldiers, mobile guards and police took positions inside and outside the country's electric, water and gas plants.

Subway stations in Paris and bus terminals, railway stations and lines throughout the country were patrolled by armed men.

The nation's public services were turned over from civilian to military operation without disorder at midnight, with the workers under military supervision and under threat of court martial if they disobeyed Government orders to work.

STRIKERS DEFIANT
The strikers, apparently still defiant, showed little activity early this morning. It was expected actual extent of the strike could not be determined until the morning work on toward regular hours of work.

Premier Daladier declared his drastic methods were necessary because the strike was inspired by elements "rising against the laws of the republic"—that it was a test between a "proletarian" minority bent on dictatorship, and France's democratic institutions.

The General Confederation of

ACTS RESULT OF PAGANISM

Cardinal Condemns Exag-
gerated Nationalism—
States Church Stand

MONTREAL, Nov. 29 (CP).—The actions of Adolf Hitler and his followers in their "persecution of helpless minorities" constitute a "striking example of what a godless government will commit when it reverts to paganism," Rodrigue Cardinal Villeneuve of Quebec, said tonight in an address before the Montreal Junior Board of Trade.

"The view of the people on exaggerated nationalism are well known and I unite my voice in condemnation with that of His Holiness," the Cardinal said. "But I am grieved to think that the wave of universal protest aroused by the persecution in Germany did not also arise when priests and nuns were being subjected to shameful treatment in Spain."

ATTITUDE OF CHURCH
Reviewing the attitude of the Roman Catholic Church in social problems and in political "isms," the Quebec prelate said he believed it would be "manifestly unfair" to place Hitler and Mussolini on an equal moral level "particularly since the latter's presence at Munich contributed so largely to averting war."

The Church, he said, was "not blind" to dangers in Italy's Fascist form of Government, but neither was it oblivious to "possible abuses" in other forms.

As to reported existence of Fascism in Quebec Province the Cardinal was convinced the report was a "false alarm."

"It is notorious that Communists accuse all those not enrolled in their ranks of being Fascists," he said.

Pledged to Liquidation In Revenge

BERLIN, Nov. 29 (AP).—Das Schwarze Korps, organ of Chancellor Hitler's Black Guards, warned tonight: "On the day a Jewish or Jewish-purchased murder weapon is lifted against one of the leading men in Germany there will be no more Jews in Germany." Das Schwarze Korps said: "We hope we have expressed ourselves clearly enough."

The publication cited a letter appearing in a United States paper which suggested a number of condemned murderers be freed in order to go to Germany to remove leaders of the Nazis.

PROCLAMATION FOR NEW BILL

Chief Amendments to Mar-
riage Act Would Wait
Upon B.C. Declaration

The Provincial Government's long-heralded amendments to the Marriage Act were introduced in the Legislature yesterday, with a section, making their chief subject to provincial proclamation. The bill was introduced by Hon. Dr. G. M. Weir, after a marriage committee had reviewed the subject for a year.

The bill proposed stricter limitation of the right to conduct marriage ceremonies, publication of banns in advance of the ceremony, requirements for birth certificates to be shown by those under twenty-one years of age; and "inspection" clauses subject to declaration by proclamation at the pleasure of the Administration.

The "inspection" clauses appeared substantially in the same form as proposed by the C.C.F. opposition in the last two sessions, and rejected on both occasions from the Legislature.

Residence requirements would be cut to three days.

Minor changes are proposed in other parts of the bill, read a first time upon introduction at the afternoon sitting.

The Marriage Bill was referred to an estimates' discussion at which, when Dr. Weir announced that it would be mainly a proclamation measure, its chief purpose, he said, would be "to act as a deterrent, and for education," referring to inspection clauses in the proclamation bill.

THREE WOUNDED BY BOMB IN CAR

Self-Styled King of Bootleggers
Is Victim of Outrage in
Eastern Province

HAMILTON, Ont., Nov. 29 (CP).—Rocco Perri, who once styled himself "King of the bootleggers," and two companions were injured last night when a time bomb hidden in Perri's auto exploded as he stepped on the starter.

The car was blown to bits and the wreckage burst into flames. Perri was thrown clear and escaped with burns about the face and hands. Seriously injured were Frank Depedro, forty-seven, and Fred Cordello, forty-one, both of Hamilton. They are in hospital here.

Three tow-ers were blown off Depedro's left foot and his leg was punctured with wounds. Cordello suffered lacerations of the left arm and shoulder. Hospital attendants described the condition of both as "fair."

John Dean Endorses Civic Manager Plan And Tram Retention

Candidate for Mayorality Addresses City Campaign Meeting in Chamber of Commerce—Seeking Cheaper Light and Power Facilities

VICTORIA'S civic election campaign was launched last night in the Chamber of Commerce auditorium, with John Dean, candidate for the mayorality, in the principal role and seven candidates for the City Council appealing for the right to sit on the aldermanic board for a two-year term. Approximately 500 persons were present.

It was Mr. Dean's meeting and he addressed the electors on a three-point platform: The adoption of the city manager plan of municipal government, the retention of street cars for public transportation, and cheaper electric light and power facilities.

Stem the Tide PREVENT Tuberculosis
BUY CHRISTMAS SEALS

slightly exaggerated, but there is need for modernized street cars here. I do not think there is any reason in rushing into radical considered changes. Under dignified negotiation, tempered with reason, between the city and the B.C. Electric, a reasonable settlement should be arrived at, especially now that the city is fortified by being able to borrow money from the Dominion Government at 2 per cent for self-liquidating of public utilities.

LIGHT AND POWER

Supporting his appeal for cheaper light and power, Mr. Dean mentioned the city of Los Angeles as an example of the cheapness of power. He said he noticed while there the extravagant use of electrical energy for the lighting of business houses and for advertising purposes. Concerning the setting up of a commission for the purpose of regulating rates, Mr. Dean stated: "I venture to make this suggestion as a rough and ready, but reasonable, method of arriving at a quiet arrangement of rates, without going into a tiresome inquisition of the B.C. Electric affairs. Let us offer to pay the average paid by ten of the best-conducted cities of comparable population, with an adjustment for the taxes paid by the company here—always bearing in mind that failing in such fair and reasonable adjustment, we can resort to municipal ownership, borrowing money at 2 per cent from the Dominion Government. There is no immediate rush. Let us think it well over before acting."

NATURAL RESOURCES

Stressing the need for a greater development of the natural resources of the country, the speaker mentioned the amount of money going into the United States annually for the importation of gasoline and oil used by the people of Canada and the total cost of imports of motor cars. "Studied over all its ramifications if all the capital shown as sent out of the Dominion was invested for production in this country, the amount of income tax alone would be considerable and the expenditures for coal mining and oil location would be vastly increased.

"Is it any wonder, with money going across the border as it is, that many of our young people have to search for employment in the United States?" Mr. Dean maintained there was work to be done in connection with development of natural resources and the development of oil that would eventually take care of the greater portion of the unemployment in Canada today.

Before concluding, Mr. Dean touched briefly on the proposed schemes, reverted to being sold for less than the assessed value, proposed bus routes, and closed by offering to give dollar for dollar of his salary as mayor to making a survey of the city's wage resources. The meeting was well conducted by Rev. Robert Connell, as chairman, and there were few interruptions.

When Mr. Dean concluded, candidates were invited to address the electors.

CHARLES C. CHIVERS

Charles C. Chivers, candidate for council, was the first of the aldermanic candidates. He said he was the nominee of labor and endorsed the platform of a square deal for labor. He advocated consideration of public ownership of transportation. He said he did not think it was wise to rush into a new scheme until certain the new system would be better than the present. He proposed all work in municipalities be done by day labor and not given to outside contractors. He endorsed the administration of Mayor Andrew McCreavin in reduction of taxation.

JOHN DAY

John Day, aldermanic candidate, said no transportation scheme would be successful unless for Greater Victoria, and that bringing in a bus-side expert was a mistake. He said he was convinced the relief system was not being properly administered and if elected he would go fully into it. Respecting the Gorge waters and pollution, he said he had gone into the matter fully and would try to bring the matter to a satisfactory conclusion. Mr. Day also mentioned he had given thorough study to civic problems for many years.

T. W. HAWKINS

T. W. Hawkins, candidate for alderman, referred to his six years on the council as an asset to the city. He said that, during former service, he had served on all city committees. In 1932, he stated, he was successful in having fire pressure increased through dispensing with the salt water system, resulting in a saving of \$6,500 a year. In 1937, he said he was successful in reorganizing the street lighting, with a saving of more than \$15,000 to the city.

ALD. W. L. MORGAN

Alderman W. L. Morgan, who is seeking re-election, said that two years ago he ran for the council and at that time he was opposed to the plan of refunding. Reduction in taxation was one of the planks in his platform, and it was accomplished; and again this year there was a reduction in taxes and an increase in the city's credit balance. He said he had, as a member of the fire wardens committee, assisted in having a reduction in the cost of fire protection without loss of efficiency. As a member of the water board, he supported the plan of cleaning up the city's water supply lakes. He is at present chairman of the finance committee on the council.

ALD. ALEX. PEDEN

Alderman Alex. Peden is asking for re-election to the City Council. He said he was not taking any individual credit for what had been done. He stated he had long been associated with civic work. He mentioned a great deal had been said about franchise matters and asserted that the council was anxious to secure a transportation system that would meet the future needs of the city. Concerning unemployment, Alderman Peden declared he was in

favor of employing local labor where possible. He was prepared to give the city service to the best of his ability in all matters of interest to the citizens.

MRS. ALICE MCGREGOR

Mrs. Alice McGregor, a candidate for the City Council, thanked the electors for the support she had received in the last election. She maintained her ambition was to do some practical good by saving the ratepayers from any increase in taxation. She said giving a contract to a logging company to cut on the city's watershed was not good business for the city, and might, some day, become a serious matter. Concerning transportation problems, she asked why it was necessary "to bring in a foreign expert," and said it would be wise to make drastic changes in the present council. She supported the street railwaymen's appeal and an ice arena.

D. D. McTAVISH

D. D. McTavish, candidate for the City Council, spoke briefly on the platform. If he was elected, he would do all in his power to serve the interests of the city and its citizens. Mr. McTavish referred to his work on the British Columbia Agricultural Association and the Victoria Horticultural Society. He said he would be prepared to give time and study to the problems of civic administration during his term of office.

LODGE OFFICIAL VISITS VICTORIA

Deputy Grand Regent of Royal Arcanum Is Guest of Majestic Council Here

J. Ambler Newton, deputy grand regent for British Columbia and Washington, was a guest of the Majestic Council No. 1512, Royal Arcanum, at a meeting of the lodge in the Elys' Hall, Monday night. Mr. Newton is a prosecuting attorney and his home is in Seattle.

The deputy grand regent gave an address to members of the Victoria lodge, reviewing the progress of Royal Arcanum and reported that two new councils were being organized at Seattle and Bellingham.

The meeting was conducted by Douglas Flintoff, regent of Majestic Council, who showed a series of

Measure to Curtail Hours for Firemen Opposed by Oak Bay

Representatives Claim Two-Platoon Provisions Unnecessary—Hon. G. S. Wismer Charges Firemen's Hours of Duty Are "Scandalous"

VIGOROUS opposition to an amendment to the Fire Departments Two Platoon Act to make its provisions compulsory on the Oak Bay Council before the private bills committee of the Legislature yesterday, after Hon. Gordon S. Wismer, K.C., Attorney-General, speaking as a member of the Legislature, had attacked the municipality, charging that it was "scandalous" that firemen should be on duty for over 100 hours a week.

The purpose of the bill, introduced by J. H. Forester (Lib., Vancouver-Burrard), was to make it compulsory for paid fire brigades in every municipality to be divided into platoons for work only in accordance with one of the following systems:

"No. 1 System—Under which the fire chief shall not keep a platoon on duty for more than twenty-four consecutive hours, after which the platoon so kept on duty shall be allowed twenty-four consecutive hours off duty.

"No. 2 System—Under which one platoon shall be on duty for day work for ten consecutive hours each day, and the other platoon shall be on duty for night work for fourteen consecutive hours each day, each platoon to alternate at least once in every seven days."

SUSPENSION PROVIDED

Provision is made in the amendment for the suspension of these conditions during the continuance of any major conflagration necessitating the attendance of all firemen.

Stating that four municipalities in the province required their firemen to remain on duty for 120 hours a week, Mr. Forester submitted that legislation was necessary to prevent municipalities from requiring firemen to be on duty for more than sixty hours.

Mr. Wismer stated that two years ago he had introduced a two-platoon act embracing Greater Victoria. Immediately afterwards, Oak Bay, "the richest municipality in the province," had withdrawn from its fire protection agreement with the city and established its own department, thus

motion pictures of the activities at the Queen Alexandra Solarium. A drill team, under J. J. Stewart, put on a display, and two new members were received into the order. Fred Robinson and Frank Mellon, Mrs. Newton, who accompanied the deputy grand regent, was entertained by the wives of members of the council.

WILLIAM TAYLOR PASSES

NANAIMO, Nov. 29.—Funeral services for the late William Taylor, eighty-two, who came to Victoria Bay, Nanaimo, fifty years ago, and latterly of Port Kells, B.C., where he died, will be conducted by Rev. Canon H. V. Hiltchcock at Jenkins Chapel, Wednesday afternoon.

He is survived by two daughters, Mrs. William Foster, Northfield; Mrs. M. Morris, Seattle, a brother in Victoria and other relatives in England.

INCREASES

Other variations included \$4,200 for a provincial assistant health officer; \$19,000 for children's foster homes; \$5,000 for a "syphilis plague survey"; \$4,000 additional for a metropolitan health area; \$1,000 more in grants to resident physicians; a new vote for an inspector under the Welfare Institutions Licensing Act, and increased votes for preventive health services.

Mothers' allowances, including administration, were shown at \$825,000, compared with \$755,000 previously. Tubercular control as a whole will cost \$800,918 gross, and \$590,574 net. Statutory grants to hospitals were placed at \$850,000, as against \$860,000, and special grants at \$50,000, compared with \$60,000 in the period before.

The King's Prerogative, with gross costs at \$271,098, was represented by a token vote of \$10. Administration of Superannuation and Teachers' Pension Acts will cost \$32,680. Extension of library services will require \$5,000. Crown assessment under the Workmen's Compensation Act will cost \$85,000. The canteen fund grant was renewed at \$256,000. Government contribution to the Super-

defeating the purpose of the act, which was to cover Greater Victoria as a whole.

All parts of Victoria should be in the same position," Mr. Wismer continued. "It is time that an act of this kind to regulate the hours of firemen was passed. Married men can't see their wives for four and five days at a time. It is a scandalous thing. It's archaic."

VOLUNTARY BRIGADES

He pointed out that care had been taken to exclude from the amendment all municipalities with voluntary brigades.

J. F. Abbott, representing the British Columbia Fire Fighters' Association, stated that prior to 1918 this system of continuous duty had been in effect everywhere, and some municipalities did not even allow meal hours.

Replying to the Attorney-General, Rev. R. R. Taylor, Oak Bay, stated that firemen's hours of duty in Oak Bay had now been reduced to 100 hours a week. He pointed out that the department had been established only last April, and the men were not firemen yet, but were practically only apprentices. It took two years to make a fireman, he said, and it was the intention of the council, as the men became proficient, to reduce the hours of work still further.

Acts of this nature tend to interfere with the prerogatives of councils," said R. F. Blandy, Oak Bay municipal clerk. "I don't think Oak Bay intends to over-work its men or do anything unreasonable."

SPECIAL WORK

Fire-fighting was a special type of work, he pointed out, and the men had two full days off in each week. Much of the time when the men were on duty they were asleep, having meals or "sitting around the fire hall." It was not a case of 100 hours of labor, but of being on duty subject to call, but not actually working, he said.

At present Oak Bay had twelve men, Mr. Blandy continued, and if the amendment became law it would be necessary to engage from six to eight more, at an additional cost to the taxpayers of \$10,000. Referring to Mr. Wismer's remark that Oak Bay was a wealthy municipality, he stated that it was now developing into a poor man's municipality, for people were attracted to it by its small tax rate.

"Such an amendment may be desirable in Vancouver, New Westminster, or Victoria, where the circumstances are different, but in a small municipality there is no necessity for it," Mr. Blandy concluded. The committee went into camera to consider the amendment.

Legislature Passes Departmental Votes In Evening Sitting

House in Committee on Supply Reviews Estimated Expenditures in Further Departments at Second Period—Ratifies Votes Totalling \$5,784,956

PROCEEDING on estimates in committee of supply the Legislature made progress with further departmental votes at its second sitting yesterday, rising at 11:15 p.m., after ratifying votes amounting to \$5,784,956.

PROVINCIAL SECRETARY Estimates in the Provincial Secretary's Department called for \$5,163,067 net in the coming year, compared with \$5,041,497 in the year closing.

Chief changes included \$1,500 more for the portfolio; \$70,000 additional under mothers' allowances; withdrawal of charges for board for staffs at provincial institutions, offset by reduced salary votes and continued charges for rent; provision of \$15,000 as a grant in aid of health insurance, reduced by \$10,000 from the year closing; reduction in statutory grants to hospitals by \$10,000; \$42,000 more for the provincial health board; \$70,000 additional to aid of the destitute; \$19,000 more for health and welfare services; \$35,000 more for mental hospitals, and other variations.

Itemized, the main votes included: mental hospitals, \$1,121,833; hospitals, \$910,910; provincial health board, \$870,547; mothers' allowances, \$225,000; miscellaneous votes, \$501,500; destitute aid, \$250,000; child welfare branch, \$107,860; administration of health and welfare, \$87,950; industrial schools, \$76,325; home for aged, \$49,394; provincial infirmary, \$48,603; libraries, \$47,780; charitable grants, \$43,760.

Other variations included \$4,200 for a provincial assistant health officer; \$19,000 for children's foster homes; \$5,000 for a "syphilis plague survey"; \$4,000 additional for a metropolitan health area; \$1,000 more in grants to resident physicians; a new vote for an inspector under the Welfare Institutions Licensing Act, and increased votes for preventive health services.

Mothers' allowances, including administration, were shown at \$825,000, compared with \$755,000 previously. Tubercular control as a whole will cost \$800,918 gross, and \$590,574 net. Statutory grants to hospitals were placed at \$850,000, as against \$860,000, and special grants at \$50,000, compared with \$60,000 in the period before.

The King's Prerogative, with gross costs at \$271,098, was represented by a token vote of \$10. Administration of Superannuation and Teachers' Pension Acts will cost \$32,680. Extension of library services will require \$5,000. Crown assessment under the Workmen's Compensation Act will cost \$85,000. The canteen fund grant was renewed at \$256,000. Government contribution to the Super-

defeating the purpose of the act, which was to cover Greater Victoria as a whole. All parts of Victoria should be in the same position," Mr. Wismer continued. "It is time that an act of this kind to regulate the hours of firemen was passed. Married men can't see their wives for four and five days at a time. It is a scandalous thing. It's archaic."

VOLUNTARY BRIGADES

He pointed out that care had been taken to exclude from the amendment all municipalities with voluntary brigades.

J. F. Abbott, representing the British Columbia Fire Fighters' Association, stated that prior to 1918 this system of continuous duty had been in effect everywhere, and some municipalities did not even allow meal hours.

Replying to the Attorney-General, Rev. R. R. Taylor, Oak Bay, stated that firemen's hours of duty in Oak Bay had now been reduced to 100 hours a week. He pointed out that the department had been established only last April, and the men were not firemen yet, but were practically only apprentices. It took two years to make a fireman, he said, and it was the intention of the council, as the men became proficient, to reduce the hours of work still further.

Acts of this nature tend to interfere with the prerogatives of councils," said R. F. Blandy, Oak Bay municipal clerk. "I don't think Oak Bay intends to over-work its men or do anything unreasonable."

SPECIAL WORK

Fire-fighting was a special type of work, he pointed out, and the men had two full days off in each week. Much of the time when the men were on duty they were asleep, having meals or "sitting around the fire hall." It was not a case of 100 hours of labor, but of being on duty subject to call, but not actually working, he said.

At present Oak Bay had twelve men, Mr. Blandy continued, and if the amendment became law it would be necessary to engage from six to eight more, at an additional cost to the taxpayers of \$10,000. Referring to Mr. Wismer's remark that Oak Bay was a wealthy municipality, he stated that it was now developing into a poor man's municipality, for people were attracted to it by its small tax rate.

"Such an amendment may be desirable in Vancouver, New Westminster, or Victoria, where the circumstances are different, but in a small municipality there is no necessity for it," Mr. Blandy concluded. The committee went into camera to consider the amendment.

the mineralogical branch, \$72,530; miscellaneous votes, \$63,100; oil exploration in the Peace River area, \$60,000; mines inspection branch, \$40,610; general office, \$22,700; mines rescue and training stations, \$13,080; minister's office, \$12,100; assay branch, \$9,410; grants, \$5,500, and statutory, \$2,000.

Miscellaneous votes included renewal of the \$55,000 votes for mining trails, unchanged; \$500 for the Canadian Institute of Mining and Metallurgy; \$200 for silicosis investigation, and other items.

Hon. W. J. Asselstine explained a new vote of \$60,000 for oil exploration in the Peace River district, where he said \$11,000 had already been spent. Geological and geophysical surveys would be continued in two areas; if development was warranted, drilling would follow, the minister declared.

TARDE AND INDUSTRY

Estimates in the year-old Department of Industries called for \$256,000. Continued on Page 6, Column 2.

The "Doc" was very decent!

MONOGRAM GIN

"You know," he said, "you people shouldn't really be in here. But now that you've asked me, and as I'm not due to 'go on' for 1 minute and 49 seconds, here's my answer:

"I'd say the reason most people prefer Monogram Gin is because of its smooth, rich flavor."

"Right," we said. "Remember, doc, you may pay more but you CAN'T BUY A BETTER GIN THAN MONOGRAM."

MUNICH PACT IS CRITICIZED BY OBSERVER

Captain H. G. Scott Blames League Signatories for Czech Sacrifice

PREDICTS SPREAD OF GERMAN AGGRESSION

Describing the Munich Accord as "a disgraceful surrender to the embodied spirit of lawlessness," Captain H. G. Scott, M.A., LL.B., who was in Czechoslovakia during the fateful days of last September, declared yesterday that the blame for the sacrifice that Czechoslovakia was forced to make lay not on Mr. Neville Chamberlain alone, but upon every nation that signed the covenant of the League of Nations, and then failed to make preparations to be able to guarantee its signature.

This statement was made in an address given by Captain Scott to a joint luncheon meeting of the Men's Canadian Club and the Kiwanis Club, held in the Empress Hotel yesterday.

Criticizing the League of Nations for having done nothing in the crisis, Captain Scott characterized Germany's attitude as "a piece of brazen effrontery typically German." Admitting that the Czech Government, by its failure to carry out its promise to give the Sudeten Deutsch local self-government, had provided them with a grievance, Captain Scott reminded his audience of the manner in which Germany had treated its own minorities.

CRIME AGAINST PEACE

"That potential grievance was ready to hand when Germany wanted to use it," he said. Germany, he continued, had suffered very severely under the peace terms after the Great War, "and thoroughly deserved to suffer for her supreme crime against peace." She was, however, one of the great nations of the world, and it was inevitable that she would regain some of her old strength.

Declaring that the German Government had planned and executed

New Victoria Transportation System Proposed Routes

Transportation routes for a unified Greater Victoria transportation system, to replace street cars, are shown in the above map issued yesterday by Mayor Andrew McGavin. The twelve lines shown on the map would provide adequate service to the districts of Esquimalt, Gorge, Victoria West, Portage Inlet, Cadboro Bay, Oak Bay, Shoal Bay, Gonzales Bay, Ross Bay, James Bay, Saanich as far north as Gordon Head, and the intervening territory. Business district streets served would include Pandora Avenue, Fort Street, Yates Street, Government Street, Douglas Street, Blanshard Street and Quadra Street. Mayor McGavin pointed out the routes as set forth in the Victoria Transportation Agreement and Franchise By-Law (1938) were purely tentative. The Chamber of Commerce and Real Estate Board have been asked by the City Council to give their views on the suggested lines. Mayor McGavin was also asked by the council, yesterday, to set a date for a conference between the city and adjoining municipalities to discuss a transportation system to serve the whole of greater Victoria.

ment had planned and executed the murder of the Austrian Chancellor Dollfus. Captain Scott spoke of the manner in which the Germans had honored the murderers, and said: "That is the Government it is suggested we should be on friendly terms with." The annexation of Austria, he said, practically sealed the doom of Czechoslovakia. Continuing, Captain Scott declared that the Nazi Government's

constant technique of aggression was one of infiltration, agitation and annexation. People were sent in to stir up trouble and give the German Government an excuse for aggression.

"That will probably be their practice in other areas, too, unless they are stopped; and there are plenty of German minorities in other parts of the world," he declared.

cluding Canada," the speaker asserted. Describing the Nazi demonstrations in Czechoslovakia in September, Captain Scott told of the tactics of the Czech Government to avert bloodshed, knowing that that was the excuse Germany wanted. It was "bosh," he claimed, to say that the Sudeten Germans had been terrorized. What would have happened in Germany, he asked, if one of the dissenting minorities had given open demonstrations of rebellion in front of the Nazi police? "The machine-guns and concentration camps would have finished them," the speaker declared.

TRAGIC DELUSION

There was no suggestion of surrender on the part of the Czech people, who were confident that the Russians were coming to their help. "I think that was a pathetic and tragic delusion on the part of the Czechs," Captain Scott said.

He denied that the Munich Accord was a triumph of peace, and described it as a shameful surrender to lawlessness. He declared that it was a false theory that peace was the first interest of the British Empire, but that the real interest was that right should not perish.

Captain Scott was introduced by J. W. Hudson, president of the Men's Canadian Club, and thanked by J. G. MacFarlane, president of the Kiwanis Club.

COWICHAN-NEWCASTLE CONSERVATIVES BUSY; MEETINGS TO BE HELD

DUNCAN, Nov. 29.—A well-attended meeting of the executive of the Cowichan-Newton Conservative Association was held in Duncan last night. Capt. R. B. Longridge presiding. The meeting was addressed by F. S. Dunlop, of Nanaimo, who will contest Nanaimo Riding at the next Federal election under the Conservative standard.

Plans for organization work during the winter months were laid. A committee, composed of Mrs. J. B. Aiken, Mrs. George Day and Mrs. A. A. Mutter, was appointed to form a ladies' association.

Captain Longridge announced that R. L. Maitland, K.C., M.P.P., and Macgregor Macintosh, M.P.P., will visit Duncan shortly and address a meeting under the auspices of the local association.

INJURIES FATAL TO ELDERLY MAN

James Wilson, sixty-eight years, of 631 Pandora Avenue, died in the Jubilee Hospital yesterday, following injuries received when he fell down a flight of stairs last Saturday afternoon at his residence.

Mr. Wilson had resided in the city for the last thirty-five years. He was a veteran of the Great War and served overseas with the 6th Battalion Western Scots.

Rev. T. H. McAllister will officiate at funeral services to be held tomorrow afternoon at 3:30 o'clock at S. J. Curry & Son Funeral Home. Interment will be made in Royal Oak Burial Park.

It'll be easy to save money Thursday. Just shop at THE BAY'S Pre-Christmas Sale.

SEES CHANGE OF CONFLICT

Franchise Enabling Legislation May Be Subject to Utilities Act

Because of the possibility of conflict with the Government's Public Utilities Act, consideration of the legislation sought by the municipalities of Greater Victoria to enable them to enter into a joint transportation franchise agreement was deferred by the private bills committee of the Legislature yesterday afternoon, to enable the matter to be discussed with Premier T. D. Pattullo and Hon. A. Wells Gray, Minister of Municipal Affairs, on Friday morning.

H. S. Pringle, for the city of Victoria, presented the final draft of the proposed legislation, as approved by the four municipalities, and urged that it should be passed at the present session of the Legislature as an amendment to the Municipal Act.

AMENDMENT'S SCOPE

This amendment would give power to municipalities to enter into an exclusive or limited transportation franchise for any term not exceeding twenty-one years, or to join with any other municipality in a franchise agreement; and to prescribe how and along what routes the service should operate, fix rates of fare, and prescribe other terms and conditions, including payment to or by the municipality in connection with a franchise.

The amendment further provides that a by-law authorizing any such agreement should be subject to the assent of the electors of each municipality concerned.

Mr. Pringle stated that the city felt that it was of vital importance that the municipalities should have power to fix fares and prescribe conditions, but if the Public Utilities Act became law, the proposed amendment would have to be subject to that act.

SENTENCED FOR GIVING ASYLUM TO ASSASSIN

PARIS, Nov. 29.—The aunt and uncle of young Herschel Grynszpan, whose assassination of Ernst vom Rath brought down the wrath on Jews in Germany, today were sentenced to four months' imprisonment and fined 100 francs (\$2.60) each in a Paris police court.

The elderly couple, Abraham and Chana Grynszpan, were convicted of having given asylum to their seventeen-year-old nephew in their small tailor shop, after he had been ordered from France as an undesirable alien.

RELIGIOUS EXERCISES ATTENDED BY POPE

VATICAN CITY, Nov. 29.—Pope Pius, after a quiet night, today attended religious exercises lasting thirty minutes each this morning.

Vatican sources said the audience the Pontiff gave to pilgrims Sunday and a resumption of nearly normal activities since then, appeared not to

have had any bad reaction on his delicate health.

THE OLDEST CAT

ALLSAW, Ont., Nov. 29.—Mrs. George Brown says her Julie is the oldest cat in Canada. Julie is twenty-four and her tan coat is turning grey. Incidentally, Julie has no ears. They were frozen and dropped off one cold winter night four years ago.

The Modern HUMPHREY Gas Unit HEATER
FORCED CIRCULATION HEATING

FOR FACTORIES • RETAIL STORES • GARAGES SERVICE STATIONS

ELIMINATES ALL CENTRAL HEATING PLANT COSTS

The benefits of unit heating are well known to most executives and a large percentage of new construction employs this heating method. But now there's a way—proven by 10 years of use—that gives all the benefits of unit heating plus the elimination of all costs of running a central heating plant. Humphrey Gas Unit Heaters are used. They suspend from the ceiling or wall. A gas supply pipe, vent and electrical connections are all that's required. They are inexpensive to install.

NO HEAT WASTED

Other economies result from better use of heat. There is no heat loss through long transmission lines. Powerful fans prevent heat banking up under high ceilings. There is no overheating or stuffy congested spaces near the units. Temperature is automatically controlled by thermostat, which can also be set to lower temperatures when desired—ideal for intermittent heating of public buildings or warehouses infrequently used. Phone G 7121, Gas Department, and we will send our representative to give you full particulars.

Wednesday, November 30, 1938

EIGHTEEN MILES AN HOUR!

The logic of common sense should be sufficient guide to the City Council in drawing up the terms of a transportation franchise. No member of that body who has given the matter even cursory thought could subscribe to a proposal that "minimum" speed of such a service should be eighteen miles an hour. The maximum speed at which any vehicle may travel within the limits of Victoria's area is thirty miles an hour. The B.C. Electric service, with its continuous slowing up, stopping, taking on passengers or letting them off, and starting again, probably only maintains an average speed of but little more than nine miles an hour. A bus company, within the municipal limits, attempting to give the same service might be a trifle speedier, but it may be doubted if it would exceed twelve miles an hour considering the character of many of Victoria's roads.

The City Council has been misled in the advice it has received respecting a transportation franchise. An eighteen mile minimum for a service would be an impossibility, unless all other traffic were driven from the roads, and unless, too, a special dispensation were obtained to exceed the speed limit of thirty miles an hour. The fact of the matter is that the whole question of a franchise will have to be approached anew. There is ample time for this, and in the process it is essential that whatever is proposed should be carried out in co-operation with the municipalities of Oak Bay, Saanich and Esquimalt, which have rights and responsibilities in any service which is going to include their areas. Meantime the City Council has decreed a referendum asking the people for an expression of opinion on whether or not they want the present street railway service maintained for a term not exceeding five years. Until the decision in this respect is known any further discussion on a new franchise may as well be suspended.

NUTRITION

The chief difference between the knowledge of the layman and that of the professional expert is not in the circumstance that the latter commands a larger aggregate of facts than the former. It is not the gross quantity of knowledge acquired by the scientist that distinguishes him from others, but the kind of knowledge he possesses. The average layman's knowledge of the facts of any given science is apt to be fragmentary. That of the man of science is organized and systematic. The educational status of the "average" man has risen greatly in this and last century, but the gap between lay and professional knowledge, though it may be narrowed, cannot be closed.

When a man of science undertakes to write a book for laymen he undertakes a difficult task. He knows that his scientific colleagues will not expect of him the painfully exact statements and complicated qualifications which are proper enough in another place, but the difficulty of his task lies in the problem of adjusting his language to the capacity and interests of his hearers. An adventurous scientist, Dr. A. L. Bacharach, has written a book on "Science and Nutrition," in which he gallantly attempts to present the latest discoveries in that branch of knowledge in a form that will be intelligible to the man in the street and to the much more important housewife in the kitchen.

The learned author is probably right in assuming that the average man or woman has some knowledge, however slight, of the "Classical Nutritional Science" which teaches that the constituents of food as a whole include carbohydrates, fats, proteins, and water. He goes into particulars here and tells his readers that these major constituents form ninety-five parts by weight out of a hundred, and that the remaining five parts are divided into two groups, a larger and a smaller, mineral elements and "traces" or trace elements. The layman may find it heavy going in the chapters on the chemistry of the major constituents, but when he reaches the vitamins he will probably do better. The housewife with her family to feed will be interested to know that vitamins are real things, not mere "states of matter" or "forms of energy." A vitamin is a clearly defined chemical compound. It has individual properties, and one vitamin cannot do the work of another. Orange juice, for example, is a valuable source of one vitamin and only one. An orange a day will keep scurvy away from normal individuals. It will not cure rickets. It has no vitamin D.

The average housewife will be interested to hear the author's answer to this question, often asked: "Will a complete diet furnish all the vitamins a city man needs, and is he dependent on his food for his supply of vitamins?" The answer given here is "yes," assuming that the "good diet" spoken of includes, along with sunshine and fresh air, fish liver or fish liver oil. The author has something to say about how vitamins are detected. Rats fed on casein, starch, peanut oil, and mineral salts will cease growing in a week and die in three or four weeks. Clearly something more is necessary than protein, carbohydrates, fats, minerals and water. Add 10 or even 5 per cent of dried yeast, however, and the rats will grow and live for two or three months. Then growth will cease and they begin to die. If taken in time, however, and fed a little cod liver oil each day they quickly improve and may live to a good old age. Cod liver oil apparently contains something essential to the health of rats. Then it was found by experiments that green vegetables and butterfat served to cope with the deficiency cured by cod liver oil. The rest of the reasoning may be given in the author's own words: It was also found that cod liver oil after

it had been heated to a moderate temperature, and had air blown through it the while, though it remained a highly effective "anti-rachitic" agent, was quite incapable of adequately supplementing our original basal diet plus yeast. There was only one conclusion to be drawn from these observations. There must be in cod liver oil two dietary substances, one of which (or something very like it), is also present in butterfat and green leaves. The anti-rachitic substance, then, is different. It is absent from butterfat and green leaves and more resistant to the action of heat and aeration. The first substance is now known as vitamin A, the growth-promoting vitamin, the other the anti-rachitic vitamin D. Discarding the value of laboratory experiments, the author says that it was known that certain doses of some cod liver oils had been found efficacious against rickets, but there had been no certainty, not even a 50 per cent probability, of striking the right dose of a particular oil for the treatment of any individual case. It was by laboratory experiments with animals that a really quantitative knowledge became available. A physician can now calculate by simple arithmetic, not by mere guess, the right dose of a certain kind of oil containing vitamin D, which, it seems, is the ricket-preventing and ricket-curing substance that does the trick. He adds that experiments have resulted in the discovery of a liver-oil having 500 times the "anti-rachitic" power of cod liver oil. The scientists have also, it appears, produced a chemical called "calciferol," something now known to be different from the vitamin D of cod liver oil, but for human subjects it has twenty thousand times the ricket-preventing activity of cod liver oil.

Dr. Bacharach has a good deal to say to the layman about public policy. He believes that there is no scientific reason why infantile rickets should not in three years be entirely eliminated from the world, and that an immense improvement in the health of the people at large could be secured by a proper food supply and good nutritional practice.

WORLD'S LARGEST TELESCOPE

The world's largest telescope, still in course of construction, will in all take twelve years to complete. It is located on Mount Palomar, a name which will become known everywhere in the course of years. Through it the moon will be brought within an apparent distance of twenty-five miles of the earth, and will bring to light details of that satellite hitherto unknown. The new instrument, as well, will collect four times as much light, and, for photographic purposes, ten times as much light as any other telescope. Billions of new stars will be brought into the astronomer's ken. It will be possible, says The Irish Times, "to photograph stellar bodies 1,200,000 light-years away—a distance which, even for the benefit of our readers, we do not care to translate into terrestrial miles." The telescope is described as "a thing which, to the truly cultivated mind, possesses more importance than the Munich agreement, the campaign against Irish partition and the establishment of a Japanese Empire over Asia put together."

The San Francisco Chronicle expresses the hope that Mr. Henry Ford is right when he says that "the American people are getting tired of isms and are getting back to work producing wealth." It says "there has been a period of lunacy in which people have been led to believe that they can lift themselves by their own bootstraps." Mr. Ford may be quite wrong, for the people, if only in a qualified way, have just approved a Government which adopts the role of Santa Claus.

True glory strikes root, and even extends itself, all false pretensions fall as flowers; nor can anything feigned be lasting.—Cicero.

The Weather

Meteorological Office, Victoria, B.C., at 7:00 p.m., November 29, 1938.

SYNOPSIS OF WEATHER CONDITIONS:
A depression appears to be centred west of Queen Charlotte Islands and it is high southeast of British Columbia. Unsettled, showery mild weather prevails on the coast, while in the Okanagan and Kootenay, light snow flurries have occurred.

It remains fair in the Prairie Provinces.

San Francisco—Barometer, 30.12; wind, SW, 6 miles; clear.

Note and Comment

By Sandham Graves

Great is the Land of Make Believe. Its capital is Toytown—where lions roar though they're stuffed with straw, and clouds jump up and down. You can reach the land if you'll follow the hand that points the way to Toytown; but, better still, if only you will take a child as your guide in Toytown.

There are animals rare, with their woolly hair frizzled and strangely curled; with their red tongues out, as they gaze about at the banners now unfurled. There are regiments of horse, who must wait, of course, till they hear the trumpet's call; there are gay dragons in their crested plumes, with lances straight and tall.

There are mimic bands, with movable hands and the smartest of gold braids; with colored capes in funny shapes, as they dance to the drummer's tape. The drum-major bawls, as he did, of old, surveys the field with an air; his mustachios waxed, and his buttons taxed to confine a form so rare.

There are mama dolls, with foliaged hair, and a briar and motherly glance; and debutantes who, given a chance, will give you a wicked stare. There are drosses, too, in pale blue, and white or jet, they'll make a pet for many a gay colleen. There are pussy cats, who are death on rats and stretch with luxurious leisure; who'll purr for you, with a rub or two, if you'll only consult their pleasure.

There are puppies bold, with their noses cold, and a real, live heart inside; and, while or jet, they'll make a pet for many a gay colleen. There are pussy cats, who are death on rats and stretch with luxurious leisure; who'll purr for you, with a rub or two, if you'll only consult their pleasure.

There are building toys, with hidden joints in blue prints or in plan; to build a frame or an aeroplane, or just to build a man. There are lengths of steel, where you get the feel of bridge or a railway trestle. There are chemicals rare, with a book to compare, and a mortar and its pestle.

There are microscopes and telescopes, eyes that are young and curious to see how things with cities lurk within a drop of water; or to roam the skies with vast surprise in search of Zeus and his daughter. There are wonderful things for the eyes to see, and for minds to feed upon; so visit the Land of Make Believe, and take a child along.

For only a child, with heartbeat wild, can live in the city of Toytown; where lions roar, though they're stuffed with straw, and clouds jump up and down. Oh, better still, take a child with you, the child that you know so well, the child with the laughing song, the years rolled on and stilled the song, and drove you into a shell.

Great is the Land of Make Believe. Its capital is Toytown; but only a child can enter there into swift delights that are new and rare. In that gay little girl and boy land, visit the Land of Make Believe. Rest in the city of Toytown. Take whom you will, but remember still—to take a grown-up child along.

Passenger Franchise Will Not Be Rushed Chamber Heads Told

Directors and Real Estate Board to Be Given Opportunity to Present Views—Duncan MacBride Denies Suggestion of Playing Politics

AS a result of representations of the Victoria Chamber of Commerce and the Real Estate Board to the City Council on Monday evening, the city had agreed to delay rushing the current transportation issue by calling for tenders and specifications for a service, Duncan MacBride told the board of directors of the Chamber at a meeting held yesterday afternoon. He also informed the meeting that these two bodies would be given the advantage of expressing their views before the city definitely called for tenders.

When Mr. MacBride asked the directors to endorse the meeting with the council and also newspaper advertisements, stressing the views of the Chamber and Real Estate Board, Harold B. Elworthy said that as a result of the latter publicity, the public had been given the impression both groups were endorsing the candidature of Alderman James Adam, as opposed to Mayor Andrew McGavin, the announcement of the former to contest the mayor's chair being made only the day before.

NOT PLAYING POLITICS

"The Chamber of Commerce doesn't play politics," Mr. MacBride stated. He added the matter had connection only with the council as a whole and not with the mayor individually. He explained that the Chamber and Real Estate Board had first broached the transportation issue on August 1, long before Alderman Adam suggested he would enter the mayoralty contest.

Mr. MacBride also pointed out that the two groups disagreed with the City Council with regard to the relevant importance of the power and light and transportation issues. The mayor and aldermen have supported power and light as being of more public concern than transportation, which is the paramount issue in the eyes of the Chamber and Real Estate Board, he added.

The meeting endorsed the action of the board, with no dissenting vote.

NO PARKING METERS

A recommendation from the Retail Merchants' Section, under the chairmanship of George E. MacDonald, against the introduction of parking meters was adopted. It listed seven reasons why the section felt they would be unsuitable to Victoria.

The first consideration was that traffic conditions in the city did not warrant their use; that in the event of meters being installed, certain blocks of the city would become crowded; that another tax on the motorist would be unfair, as he has several to meet at present; acting on the experience of other cities, where meters are installed, it was found that the machines drove business to parts of the city where meters were not installed; they would be another nuisance tax, meters would be a detriment to Victoria's reputation as a tourist city, as visitors would have to pay to park also and finally, that in places where the meters have been installed it has been found necessary to augment the police force to keep a check on the machines.

MILL BAY FERRY

The chairman reported on a resolution forwarded by the Chamber to the Associated Boards of Trade of Vancouver Island, and the Government asking for the continuation of the Mill Bay ferry service. The resolution pointed out that the ferry was an unquestionable tourist attraction; and that it was advantageous to residents of the Saanich Peninsula.

Early to THE BAY... Early to buy... makes shopping a pleasure... Go and see way.

FRED G. EATON TO SEEK SEAT

Former Councillor to Be Candidate for Council in Esquimalt Elections

Fred G. Eaton, 876 Wollaston Street, member of the Esquimalt Council during 1935-36, announced last night he would be a candidate for councillor at the December election.

Following his term as councillor in 1935, Mr. Eaton was a candidate for the reeve position against Alex Lockley and was defeated. For the last two years, Mr. Eaton has not been associated with politics.

Mr. Eaton stated that owing to the influence of many ratepayers in Esquimalt municipality he had decided to run for councillor in the forthcoming elections.

"I feel my former experience in municipal affairs will stand me in good stead if elected on the council, and will enable me to do my share in getting the best possible deal for the people of Esquimalt," Mr. Eaton said.

GIVE LOOK OF WAR CONDITIONS

Continued from Page 1

Labor, with its 5,000,000 members, contended the Premier's decrees doing away with the forty-hour week and imposing other measures, discriminated against the interest of the worker.

The swiftness from regular civilian operations to military control was accomplished by the defence forces at midnight with complete calm prevailing throughout the country, according to preliminary reports.

NECESSARY METHODS

Strong forces of troops and mobile guards were stationed in Paris with instructions from Daladier to preserve order. The Premier declared his methods were necessary to break the one-day strike which he said was inspired by elements "rising against the laws of the republic."

In addition, thousands of soldiers mounted guard in industrial regions of the country to back up the Government in its determination to suppress the country-wide walkout ordered by the General Confederation of Labor, which boasts 5,000,000 members.

Labor called the walkout as a protest at Daladier's decrees suspending the forty-hour week and imposing other measures which it was contended worked against the poor.

NOT TAKING PART

Four local unions outside Paris decided Tuesday night not to take part in the strike.

The Municipal Employees' Union at Grenoble and the same city's electrical workers both voted to disregard the strike call. At Roubaix, near Lille, railroad workers decided to continue service on northern branch lines.

The municipal council of the town of Villeurbanne, near Lyon, voted to work despite the strike orders. All the council members are Communists.

Obituary

RICHARDS—Many friends attended the funeral of Mrs. Elizabeth Mary Richards, which was held yesterday afternoon from McCall Bros. Funeral Home, Adjutant Charles Watt conducted the service, assisted by Adjutant Martin, during which the hymns, "When the Trumpet of the Lord," "Though Thunders Roll," and "There's a Land That Is Fairer" were sung. Mrs. Adjutant Martin also sang as soloist, "The City Four Square" and "Sleep On Beloved." Interment was made in Colwood Burial Park, with the following as pallbearers: S. Trew, G. Newbury, T. Wood, W. Ratcliff, J. Scarff and F. Ramdale.

BURWOOD—Many sympathizing friends attended the funeral of Mrs. Emily Florence Burwood, held yesterday afternoon from Hayward's B.C. Funeral Chapel, Rev. A. E. O. Hendy conducting the service. The hymns, "Let Saints on Earth in Concert Sing," "Abide With Me" and "Nearer, My God, to Thee," were sung. A profusion of beautiful floral tributes was received. The following were the pallbearers: V. Pollard, L. Balcom, P. Hope, A. Turner, G. Cooper and W. J. Carter. The remains were laid at rest in the family plot in Royal Oak Burial Park.

PIPER—A large number of friends attended the funeral of Thomas Henry Piper, held yesterday afternoon from Hayward's B.C. Funeral Chapel, Rev. Arthur Bischoff officiating. The hymns "Lead Kindly Light" and "Abide With Me" were sung. The following were the pallbearers: N. R. Stegert, G. Jones, Fred Stratholt and L. Partington. The remains were laid at rest in Colwood Burial Park.

BROWN—The funeral for Charles J. Brown will take place this afternoon at 3 o'clock from the Thomson Funeral Home. Rev. Robert Council will conduct the service. Cremation at Royal Oak Crematorium.

SOCCER MATCH BANNED

ROTTERDAM, Nov. 29 (AP).—Mayor Pieter Jan Oud today banned a soccer match between Netherlands and German teams, scheduled to be played here on December 11, because of fears of political demonstrations.

PIONEER CUMBERLAND RESIDENT IS DEAD

CUMBERLAND, Nov. 29.—Mrs. Rosa Marocchi, resident of Cumberland for the past forty-three years, passed away last week after a year's illness. Deceased, who was in her sixty-ninth year, came direct to Cumberland with her husband, from her native province of Trento, Austria. She is survived by one son, John, of Cumberland. Her husband and another son, Sylvia, predeceased her some years ago.

Funeral services were held from the Catholic church for interment in Cumberland Catholic Cemetery. Rev. Father C. T. Albury read Requiem Mass, and pallbearers were J. Damonte, C. Muscato, L. Bartoldi, L. Tomassi, J. Aspesy and J. Bardesono.

FORTY ARABS KILLED

JERUSALEM, Nov. 29 (AP).—British soldiers killed forty-three Arabs and wounded scores today in a fight with an armed Arab band south of Haifa. Several British soldiers were wounded.

Dates and Places For Meetings in Saanich Are Set

DATES and places of public meetings, for candidates in the forthcoming Saanich municipal elections, were set by the council at its special meeting last evening, as follows: Ward One, C.C.P. Hall, on December 12; Ward Two, St. Mark's Hall, December 15; Ward Three, Gordon Head Hall, December 12; Ward Four, Marigold Hall, December 13; Ward Five, Royal Oak School, December 14; Ward Six, Temperance Hall, December 14; and Ward Seven, Tillicum School, December 16.

with an armed Arab band south of Haifa. Several British soldiers were wounded.

BOARD TO HEAR WAGES DISPUTE

School Board Agrees to Arbitration of Question Of Salaries

A board of arbitration will be set up to determine a schedule of salaries and increments to be paid to Victoria school teachers; it was decided at a private meeting of the Victoria School Board on Monday night. The decision was not made public until after representatives of the teachers had been advised yesterday of the board's action.

The trustees named W. C. Moresby, K.C., as their representative. The teachers have selected Harry Charlesworth, secretary of the B.C. Teachers' Federation. The third member has yet to be agreed upon.

On Monday a committee of the teachers met the school board and a lengthy discussion failed to produce an agreement as between the teachers and the board. Earlier in the year the board set up a new schedule of salaries. It was approved by the trustees, but not by the teachers.

Members of the teachers' committee which conferred with the board were Claude L. Campbell, R. H. Haywood, John S. White, Miss Ella G. Cameron, Miss Mary W. Hamilton and Miss Blanche Alward.

TAKING CHRISTMAS MAIL

SOUTHAMPTON, Nov. 29 (AP).—The pick-a-back plane Mercury today was launched from the back of her parent craft Maia to begin a 2,400-mile nonstop flight to Egypt carrying more than a ton of Christmas mail. The Mercury, which made a round-trip trans-Atlantic survey flight last summer, was due at Alexandria early tomorrow.

FUNERAL NOTICE

Members of Vancouver and Quadra Lodges, A.F. & A.M. No. 2, O.R.C. are requested to assemble at the Masonic Temple, Victoria, on Thursday, December 1, at 1:30 p.m., for the purpose of attending the funeral of their late Brother Harry Barber.

Members of local lodges and visiting brethren in good standing are invited to attend.

By Order of the Worshipful Master, FRANCIS F. PATT, Secretary.

\$4,000,000

LOGGING PAYROLL

BOOSTS CHRISTMAS SHOPPING

BRIGHT lights...color...action...the contagious excitement of eager buying crowds! During the next four weeks this scene will be re-enacted in every city and town in British Columbia.

Watch the crowds! Here is modern commerce caught at a point of vital contact! Earned dollars are flowing into the arteries of trade. Every dollar spent will pass through the hands of many and varied businesses, professions and individuals. But all spring from the same creative source... the primary industries of British Columbia.

During the months of October, November and December of this year, the payroll of the logging industry of this province alone will have exceeded **FOUR MILLION DOLLARS**. Of this sum, at least 85% will be spent in the cities of Greater Vancouver, Victoria and New Westminster. Cold figures, true—yet they touch the pulse of our economic and social existence. This fund of created dollars will be the source-spring of much of British Columbia's Pre-Christmas buying, visiting its benefits alike upon the dentist, the doctor, the grocer, the butcher, the baker and every business, profession, family and individual in the community.

Such is the enterprise of a single British Columbia industry, that it can create from our primary products a source of employment for tens of thousands, and a great potential buying power that enriches every branch of our economic life.

Announcements

When Trying Any Preparation for the removal of superfluous hair, you take the risk entirely yourself as to its efficacy. You find out its worthlessness after your money is gone! Is it not far better to consult someone to whom you can talk—someone living right here amongst you—rather than to trust to a "solitary corporation," possessed of but one thought—the accumulation of money? They gain! You lose!—sometimes in tears as well as money! Miss Hamman, 503 Bayward Building, Phone G 7642.

Christmas Cards—Private Greeting Cards, personal and distinctive. Complete selections to choose from. Sample books at The Colonist Printing Department.

St. Mary's Ladies' Guild—Christmas Bazaar, Thursday, December 1, 2:30 to 6. St. Mary's Hall, Oak Bay. Gifts, Novelties, Children's Wear. Afternoon Tea, etc.

Reformed Episcopal Ladies Aid will hold Christmas Bazaar Wednesday afternoon, November 30, Criddle Memorial Hall, Humboldt and Blanchard.

Mae Meighan, now at Lyle's Ladies' Wear Shop, 1441 Douglas, offers a complete line of lingerie, blouses, hosiery and scarfs.

The King's Daughters' Christmas Bazaar, 3 to 6 p.m., December 3, in the King's Daughters' Rooms.

Molly's Original Cake Shop has not been sold and is still under the proprietorship of Molly Ferris.

You'll be able to fill your gift list Thursday at THE BAY'S Pre-Christmas Sale.

INTEREST IN NEW AUTOMOBILES HAS BEEN REMARKABLE

Steady Flow of Visitors Pass Through Local Showrooms During Auto Week Here—Many Features Of 1939 Cars Seen and Compared—Showrooms Open in Evening

VICTORIA'S Auto Show Week, now entering its third day, is drawing hundreds of visitors to the automobile showrooms of the city. New models, new designing and new mechanical features are a universal topic of conversation as the latest offerings of manufacturers are displayed. Motor dealers, from now until Saturday, are keeping their showrooms open until late in the evening to allow theatregoers and those going elsewhere to drop in at a convenient time to see and compare the new cars.

PUBLIC REACTION
In speaking of the public's reaction to the 1939 lines, J. M. Wood, manager of the Begg Motor Company, Ltd., stated that one of the most salient points, in his estimation, was more riding comfort. This, coupled with convenient accessories and improved mechanical features, gives the new car purchaser definitely increased value for his investment.

"I speak specifically," said Mr. Wood, "of the lines we carry, the features of which I am naturally qualified to stress. These include Chrysler, Dodge, De Soto and Plymouth. Longer wheelbase, and front wheel independent springing are largely responsible for the increased roadability in these cars. With an eye to future demand, Plymouth has been made bigger car than ever before, with more interior roominess and sweeping lines. The handi-gear shift, located on the steering column, is also a popular feature found in all these cars. In the Dodge, De Soto and Chrysler, the windshield wiper is electrically operated, giving a positive action that is much appreciated.

"In the De Soto there is a wider body which gives more seating comfort, increased visibility and graceful flowing lines. With a higher drive shaft it is possible to retain the same centre of gravity while the 'tunnel' down the centre of the floor boards is completely eliminated."

INTERIOR FITTINGS
In speaking of the Dodge, Mr. Wood stressed the fact that the presentation of the Dodge Six with the Dodge De Luxe filled a public need. Interior fittings and improved comfort and safety have been achieved by the manufacturers. The Chrysler is presented in a line that has increased power, riding qualities and a higher drive shaft. It is possible to retain the same centre of gravity while the 'tunnel' down the centre of the floor boards is completely eliminated.

ADDED ROOM
L. deS, Duke, vice-president of the National Motor Company, Ltd., stated that in his opinion the improvements wrought in appearance, comfort and convenience in automobiles for 1939 were responsible for the very real interest evinced by the public. "Since the opening of Auto Show Week," said Mr. Duke, "we have had a steady stream of visitors, particularly the newest name in motoring, the Lincoln. It fills the gap between the V-8 and the Lincoln. This interest evinced by a car announced only this Fall proves how widespread the public is to something new in automobiles."

LUGGAGE SPACE
In the 1939 Ford V-8 there are many new features to draw attention to the line, and Mr. Duke hesitated in giving preference to any particular item. "Perhaps the increased luggage space, with a roomy trunk in the rear, appeals as strongly as any feature," he said. The designers of Ford have spared no effort to produce a car that gives the maximum of riding comfort, powerful, reliable performance and convenience in every detail. The interiors are luxuriously appointed with such items as a double windshield wiper with both blades acting simultaneously, extra storage space in the way of wide shelves under the rear windows and added leg room. Sound insulation has been made a new compulsion—used has wonderful results in reducing road noises.

Another point Mr. Duke stressed was the accessibility of the engine. The bonnet lifts from a lower point, giving more room for servicing, while the battery is under the hood, easily reached by the service man.

RAILWAYS
Estimates in the Department of Railways showed a reduction of \$100 for the new year, at \$21,330, compared with \$21,430 in the previous period. There is no vote for the portfolio, and the amount will go to salaries and expenses, without major change in the coming year.

MUNICIPAL AFFAIRS
Estimates in the Department of Municipal Affairs called for \$23,840, compared with \$20,080 in the year closing.

The amount is for salaries and expenses in connection with the department, which has no vote for the portfolio. Changes this year include provision for an assistant supervisor of municipalities at \$3,900 per annum, and slight increases for traveling expenses and for general supplies.

What the world needs is fewer uselessly totalitarian states and more totally utilitarian ones.

City and District

Hearing Set—Mr. Justice Fisher set January 5 as the date for a hearing of the Victoria-Oak Bay water case, in a Supreme Court application made yesterday.

To Raise House—Mrs. J. North secured a \$1,500 city building permit to raise a dwelling and construct a basement underneath at 1317 Cook Street. Day labor will be used.

Five Fined—Five motorists who pleaded guilty to charges of parking over the hour limit were each fined \$2.50 in the city police court yesterday.

Express Sympathy—A standing vote of sympathy with Alderman James Adam, in the recent death of his mother, was passed by the City Council on Monday night.

Wild Life in Movies—Interesting motion pictures in color of wild life of the province were shown to members of the Legislature yesterday morning by J. G. Cunningham and P. R. Butler, of the Provincial Game Commission.

Need Furniture—The welfare department of the city relief office is in need of a kitchen table and chair, baby's crib, perambulator, washbasin and a bureau to assist needy families. Those able to help are asked to telephone Garden 8104.

Tax Penalty—In order to avoid an additional penalty of three per cent, current taxes must be paid at the City Hall by Friday. The announcement was made yesterday by George A. Okell, city assessor and collector.

At St. Matthias' Church—St. Andrew's Day will be a day of continual intercession at St. Matthias' Church on behalf of missionaries at home and abroad. It will begin with a celebration of Holy Communion, and address by the priest-in-charge, at 10 a.m.

Films Are Available—Replying to Capt. M. F. Macintosh in the Legislature, Hon. A. W. Gray said that forestry films showing destruction of forest by fire, slash burning and other forestry subjects would be made available to B.C. schools next year, where opportunity offered.

Extend Agreement—An extension of the Goldstream agreement with the British Columbia Electric Railway Company for a further period of one month from December 1, on the same terms as previously in force has been approved by the City Council.

Request By-Law—The City Council has referred to its finance and legislative committee a request by the City Hall Officials' Association that a by-law should be passed to provide for the classification of City Hall employees, and for a scale of salary increments.

Accept—Tender—On the recommendation of the Board of Police Commissioners, the City Council has accepted the tender of Brooklands Motorcycle Works for the supply of a 1939 Harley-Davidson police motorcycle and equipment at a net cost of \$697.

New Dwellings—J. J. Ross secured a \$2,550 city building permit to erect a duplex dwelling of eight units at the southeast corner of Government and Michelson Streets. He also was granted a \$2,850 permit to construct a similar building with four garages on the same property. Matthew Lamont is the contractor.

Delete Clauses—Several clauses of the proposed amendment to the Engineers' Act were deleted by the private bills committee of the Legislature yesterday. H. G. Perry, M.P.P., chairman of the committee, expressed the opinion that restrictions under the amendment were too far-reaching.

Two Rulings Given—Dealing with incidental motions, Mr. Speaker Whittaker delivered two rulings in the House yesterday. On one, he ruled an Opposition motion out of order as seeking to dictate government expenditures. On the other, also advanced by the Opposition, he said the motion was in order, and could be debated.

May Amend Act—Amendments to the Residence and Responsibility Act, to overcome barriers to its enforcement at present, may be introduced in the present session, it was indicated in the Legislature last evening from the Government side. Ontario legal decisions had stopped full use of the measure in this province. It was stated.

Pension Costs Given—The cost of old age pensions in British Columbia next year is estimated at \$3,186,908, the Legislature was told this week. Of that sum the Dominion will contribute \$2,295,460, other provinces \$125,395, and British Columbia, \$807,813, net, including administration costs of \$24,660, it was explained.

Operations Ended—An intimation that the Kapor Lumber Company was doing no more logging on the Goldstream watershed was given by Carter Singh to the City Council Monday night. Permission was given to the company to continue the removal of its steel, and Mr. Singh stated that everything would be removed within six weeks.

Students' Council—At a special meeting of the Victoria High School Students' Council held at the school of Monday afternoon, Gordon Lott, newly-elected Grade IX representative, was welcomed. Plans for an evening dance for Victoria High School students on December 16 were discussed. Arrangements are in charge of Martha Armstrong, president of the social committee.

Operator Exonerated—Accidental death was the verdict returned by a coroner's jury under Dr. E. C. Hart which investigated the death of Charles J. Brown, eighty-one, during an inquiry at the Thomson Funeral Home yesterday morning. Mr. Brown passed away at the Jubilee Hospital on Sunday from injuries received at Equiluit Road and Rothwell Street on November 14 when struck by a street car operated by Charles Hunt (foreman). John W. King, John Frampton, Horace Williams, Wilfred E. Griffiths and Steven F. Showers.

Tour Comprehensive—Replying to Dr. J. D. Hunter in the Legislature this week, the Government stated the European tour this year of Dr. Alton Peabie, chairman of the Health Insurance Commission, had consumed ten weeks and cost \$1,500 to the Province. Investigating health insurance, Dr. Peabie had spent twenty-seven days in England, three days in Scotland, five days in Switzerland, eleven days in France, seven days in Czechoslovakia, six days in Denmark, and six days in Norway, touching many European capitals.

Swabbing down the Quarter Deck is morning routine for bluejackets on Britain's men-o'-war. Everywhere on the seven seas the cleanliness of British fighting ships is proverbial.

Proverbial, too, is the popularity of Player's Cigarettes. Player's have long been England's largest selling cigarettes, because "it's the tobacco that counts."

Player's offer the choice of two great cigarettes — "Medium" or "Mild". Choose the one which suits you best.

Legislators' Wives Visit Fairbridge Farm School

Interesting Experiment in Child Rehabilitation Seen by Visitors From Victoria Yesterday—Women's Auxiliary of School Acts as Host

Something of the work that is being done at Fairbridge Farm School, near Duncan, to give specially-selected underprivileged children from the Old Land a new chance in life under healthier and more spacious conditions where they are also receiving useful training, was seen by eighteen British Columbia Cabinet Ministers' wives and wives of members of the British Columbia Legislature, who visited the school yesterday afternoon.

Organized by the Women's Auxiliary of the school, the expedition was hospitably received at Fairbridge by the principal, Colonel H. T. Logan, and under the guidance of specially-detailed older girls, the guests made a tour of the central part of the estate and the main buildings thereon, including the domestic science building, where Miss Cosgrove and some of her girls showed the visitors about. In the public school, Principal Plores met the guests and directed them to the classrooms.

The main dining-hall was next seen. Here 193 boys and girls gathered twice a day—for breakfast and mid-day dinner—at fourteen tables. In the big kitchen were seen part of the vast "baking" of 700 pounds of bread consumed weekly by Fairbridge's enormous family, which also drinks forty-five gallons of milk daily. Milk, meat, poultry, eggs and vegetables are nearly all raised on the farm.

One or two of the fourteen cottages where the children are housed were seen before the guests gathered at the home of Col. and Mrs. Logan for tea, when Mrs. P. B. Scurrah, chairman of the auxiliary, who had extended the invitation on behalf of

Snowball Is Arranged by Beaux-Arts

A resume of the activities of the Beaux-Arts Society since last September was given by the president, Mr. Brian Burdon-Murphy, at the first general meeting of the society for the 1938-39 season, which was held last night in the clubrooms in Oak Bay.

By popular request, the play, "The Shining Hour," by Keith Winter, which was presented last Saturday, will be repeated here at the Empire Theatre tomorrow night at 8:30 o'clock.

On December 26 the annual Beaux-Arts Snowball will be held at the Empress Hotel. Already a special ballet is in rehearsal under the direction of Miss Mary Lindgren. Tickets will be distributed shortly to the members, and the motif to be used will be announced early next month.

Between sixty and seventy members entered wholeheartedly into the discussion of the future policy of the organization; and many conflicting opinions were united at the conclusion of the meeting, with the unanimous adoption of several important resolutions. The meeting went on record to hold monthly general meetings, and that they be held the second Tuesday in each month. Resolutions and motions passed will be made public at the next meeting to be held on Tuesday, December 13.

WILL ENTER FESTIVAL The Beaux-Arts will enter the Dominion Drama Festival, regarding

Celebrates First Birthday

—Photograph by Campbell's Studio.
This happy little girl is Audrey Jean McLay, daughter of Mr. and Mrs. T. McLay, 2553 Shelbourne Street, who celebrated her first birthday on November 21. She is the granddaughter of Mrs. F. G. Smith, Shelbourne Street, and Mr. and Mrs. William McLay, Greenock, Scotland.

less of the major activities arranged for the new year, when it is planned to present another play of more ambitious proportions, the nature of which, it is hoped, to be made known next month.

Mr. Raymond Guyler spoke emphatically on the part that the members as a whole took in presenting the plays, and the knowledge to be gained off the stage as well as taking part in the production. Miss Nancy Pritchard outlined the benefits that the ladies of the club could obtain in assisting with the sets, properties and other work, which is generally taken by the men.

The treasurer, Mr. Waldo Skillings, gave a detailed account of the finances of the society, and announced that the club had an active membership of eighty, and associate membership of one hundred, and an appeal for membership payments was made.

Clubs-Societies

Gordon Head Club
There was a good attendance at the Gordon Head Current Events Club, which met on Monday to hear Mrs. Nellie McClung, who gave a most interesting talk on her trip to Europe. She spoke on the political aspects of the League of Nations. The work of the League was not over yet, though there were many gaps in the ranks. Seventeen crises had been met with success in dealing with smaller nations. Housing, rural sanitation, epidemics and many other things had been dealt with by the League and much good work was being done—seen and unknown by

South Saanich L.A.
The Ladies' Aid of the South Saanich United Church will hold its annual sale of work and home cooking in the ch. ch. schoolroom on Wednesday, December 7, at 3 o'clock. Afternoon tea will be served. A programme will be given in the church in the evening at 8 o'clock. Rev. John E. Bell, B.A., of First United Church, will be the speaker, his subject being "The Secret of Laughter." The soloists will be Mrs. W. H. Wilson, soprano, from Victoria, and Mr. Jones, Sidney, Dr. W. W. Bryce will play violin selections. Miss Kathleen Lowe will act as accompanist for the artists. Refreshments will be served.

St. Mary's Bazaar
Final arrangements are now all set for St. Mary's Ladies' Guild annual Christmas bazaar, to be held tomorrow in St. Mary's Hall, Yale Street, Oak Bay, from 2:30 to 6 p.m. There are many attractions, including a large assortment of Christmas gifts suitable for all ages; also linens, woolies, candy, novelties, home cooking, fancywork and children's wear. Afternoon tea will be served. The spinning jenny, footless, being, cup reading and other items will be further attractions, and a good attendance is anticipated.

Belmont Ladies' Aid
The Belmont United Ladies' Aid will hold its annual Christmas bazaar tomorrow, Mrs. L. Benson will be in charge of the fancywork stall; Mrs. T. Hardy, aprons; Mrs. J. Calderhead, novelties; Mrs. W. Tait, home cooking; the Senior Girls' Class, candy, and Mrs. W. Johnston, the team: A cafeteria supper will be open at 6 o'clock, followed by games and a social evening.

Patricia Lodge
Princess Patricia's Lodge No. 238, Daughters of St. George, will hold its business meeting on Friday evening at 8 o'clock sharp, in the K. of C. Hall. All members, officers and guard team are asked to be in their places, as installation of officers will take place. Members are asked to bring refreshments.

Spiritualist Church Tea
The First Spiritualist Church will hold its regular silver tea in the Sons of England Hall on Friday afternoon from 2:30 until 5 o'clock. The hostess will be Mrs. L. Lambert. The entertainers will be Rev. W. L. THE BAY'S Pre-Christmas Sale starts Thursday.

Gifts in "Rolling Pin"

A miscellaneous shower was given on Monday evening by Miss Edith Bryant, Francis Avenue, in honor of Miss Maude Cooper, a December bride-elect. Miss Muriel Creech assisted with the attractive decorations which were carried out in a color scheme of pink and white. Carnations and streamers were effectively used throughout the house. Upon entering the living-room, the guest of honor was presented with a corsage bouquet of carnations by Master Bruce Allan, dressed as a baker, who then led Miss Cooper to a chair placed under a white bell, tied with a large pink tulle bow. Here she received a huge "rolling pin" which contained the many pretty gifts. Games were played, the winners being Mrs. B. Bryant, Mrs. T. Almond, Miss Violet Durrant, while Mrs. T. Bryant, Jr., Mrs. D. Stratford and Mrs. Reading won the consolation prizes. Two vocal solos by Bruce Allan, "Drummer Boy" and "Little Dutch Kindergarten" were much enjoyed. Carnations in the prevailing colors, lighted by pastel shaded tapers, formed the centerpiece for the table, when a buffet supper was served. Little Sylvia Bryant and Rose Mairs, dressed in pink and white costumes, assisted the hostess. The guests were Mrs. G. F. Cooper, Mrs. G. Farry, Mrs. W. P. Bryant, Mrs. W. Almond, Mrs. T. Bryant, Sr., Mrs. A. Corey, Mrs. D. Stratford, Mrs. Payne, Mrs. B. Bryant, Mrs. O. Cooper, Jr., Mrs. G. Almond, Mrs. B. Allan, Mrs. B. Simma, Mrs. Reading, Mrs. T. Bryant, Jr., Mrs. Timms, Mrs. G. Ouellette, Mrs. H. Allison, Misses Muriel Creech, Mary Timms, Violet Durrant, Rose Mairs, Sylvia Bryant, and Masters George Bryant and Bruce Allan.

Bridal Shower

Misses Lillian and Freda Nelson held a kitchen shower at their home on Kings Road on Monday evening in honor of Miss Edie Merriman, whose marriage to Mr. Lawrence West will take place at the end of this week. A corsage bouquet of carnations was presented to the bride-to-be upon her arrival by Miss Alma Homan, who also assisted her with the gifts from a box decorated in mauve and white. Mistle and bronze chrysanthemums added

charm to the reception room. Contestants were enjoyed, the winners being Mrs. Homan, Sr., Mrs. Adams and Mrs. Larkin. After tea was served, Mrs. Fritz Homan sang a number of solos. The invited guests were Mrs. A. Adams, Mrs. Homan, Sr., Mrs. E. Merriman, Mrs. P. Merriman, Mrs. M. McLaren, Mrs. T. Hall, Miss Cilia Johnson, Miss Margaret McDonald, Miss Evelyn Fitchlock, Miss Freda Nelson, Mrs. W. V. Merriman, Miss Lettie Johnson, Miss Alma Homan, Mrs. Fritz Homan, Mrs. V. Merriman, Mrs. E. L. Larkin, Miss Emily Aspinwall, Mrs. A. Nelson, Miss Theina Flynn, Miss Eunice Merchanton and Mrs. W. Hillier, of Uclulet, West Coast, an aunt of the bride.

Party for Bride-to-Be

Misses Dorothy Phillips and Winifred Bridge were guests of honor at a "no hostess" shower given recently by the girls of the Provincial Police Office at the home of Mrs. W. Bridge, Robertson Street. The bride-to-be were presented with corsage bouquets of carnations and roses. Miss Phillips was the recipient of many lovely gifts concealed beneath the skirts of a prettily-dressed doll, and Miss Bridge of a beautiful tri-lite lamp, after which a buffet supper was served from a daintily-appointed table, decorated with Sweetheart roses and pink tapers. Among those invited were: Mesdames W. Bridge, C. D. Phillips, A. C. Swindell, G. Croshaw, A. Bradshaw, C. Clark, L. Moore and P. Walsh; Misses E. Bourne, V. Harie, K. Burnes, N. Thornburn, P. Kelly, D. Robertson, G. Spencer, S. Jones, C. Crawford, F. Byatt, M. Metro, J. Thorne, A. Ruffell, E. Kay, M. Winterbottom, R. Norris, R. Balcom, D. Bennett, J. Stewart, M. Coates, M. Thomson, R. Steele, D. Hicks, V. Jacklin, J. Smith, P. Firkins, N. Johnson, I. Casillo, M. Phillips, J. Wilson, P. Foy, M. Sluggett, D. Neate, D. Pettinelli, A. Chaney and M. Lindgren.

At Executive Tea

At the Women's Canadian Club executive tea following the meeting at the Empress Hotel yesterday afternoon, Capt. H. G. Scott, the lecturer, the soloist, Mrs. W. S. Moore, and her accompanist, Mrs.

MISS LOTTIE BOWRON

Who, After Leaving Victoria Several Months Ago, Spent Some Time in Ottawa Before Going to England, and Is Now in London, Visiting Friends.

James Cameron, were the guests of honor. Presiding at the urns were Mrs. Charles E. Wilson and Mrs. S. J. Willis. Members of the executive who attended were the president, Mrs. H. L. Campbell, Mrs. W. C. Fyfe, Mrs. P. E. Taylor, Mrs. T. H. Johns, Mrs. J. H. Fletcher, Mrs. J. B. Munro and Mrs. P. G. Aldous, and others present were Miss Jeannette Cann, Mrs. S. A. Grimmond, Mrs. T. Bateley, Mrs. E. A. Campbell, Mrs. E. E. Stevenson, Mrs. E. Trenholme-Dickson, Mrs. W. D. Brown, Mrs. D. H. Hartness, Mrs. Alton Peckles, Mrs. G. S. Walker, Mrs. Rupert Wickson, Mrs. R. S. Twining, Mrs. Alec Wilson, Mrs. N. Triggs, Mrs. J. R. Simson, Mrs. W. J. Gyles, Miss Kathleen Gyles (Winnipeg), Mrs. John Harvey, Mrs. O. H. Dorman, Mrs. J. T. Jones, Mrs. J. T. Peters (Okanagan Landing), Mrs. P. G. Ellis and Miss A. B. Nelson.

Dinner Party at Empress Hotel

Mr. and Mrs. John Musgrave, formerly of Sooke, who are visiting here from Sussex, England, were hosts at a dinner party in the private dining-room of the Empress Hotel last evening. Pink chrysanthemums and green tapers made an attractive setting for the dinner table. The guests were Mr. and Mrs. G. H. Downard, Captain and Mrs. Thorpe-Douglas, Mr. and Mrs. C. J. Prior, Mr. and Mrs. C. A. Magrath, Mr. and Mrs. J. Graham, Mr. and Mrs. Alan B. Morkill, Lady Barnard, Mrs. O. M. Jones, Miss Alice Pooley, Mrs. Curtis Sampson, Mrs. F. Homer Dixon, Mrs. Arthur Jones, Mrs. Walter C. Nichol, Major Hoag, Mr. Robert Musgrave, Mr. Maurice Hills, Mr. W. V. Edwards, Mr. H. J. S. Musket (Vancouver), Mr. E. W. McMullen and Mr. P. Brebush.

Surprise Party

A pleasant evening was spent recently at the home of Mr. and Mrs. W. Martin, 626 Superior Street, when a surprise party was arranged in honor of Mr. Goshay, who was celebrating his birthday. The evening was spent in cards. Supper was served from a prettily appointed table on which stood the birthday cake. The guests included Mr. and Mrs. F. H. Gale, Mr. and Mrs. W. Martin, Mr. and Mrs. A. Paul, Misses Mary Beneman, Susan Walton, Lorraine Martin, R. Anderson and Messrs. R. Schultz, W. Stewart, A. Stein and W. Jackman.

Back From Cruise

Mrs. J. C. Nimmo, Langford, accompanied her parents, Mr. and Mrs. A. H. F. Stelek, of Green-Trees, Royal Oak, party way on the maiden voyage of their cruiser, the Jessie Ann. The entire trip taken by Mr. and Mrs. Stelek lasted two weeks, around the south of the Island and Vancouver. Mr. Jack Gilbert, the builder of the ship, was with them and they returned home on Sunday.

Was Hostess Recently

Mrs. H. R. Taylor, Richmond Avenue, entertained recently at the tea hour in honor of her sister-in-law, Mrs. H. L. Taylor, who with Mr. Taylor were returning to their home in Vancouver after seven months' residence here. During the afternoon, Miss Yvonne Taylor presented the guest of honor with an arm bouquet of lovely mauve pompon chrysanthemums.

To Leave for Vancouver

Mr. and Mrs. H. D. Gooderham, Winnipeg, who have been spending the Summer and Autumn on the Island, and latterly at the Angela, will leave tomorrow for Vancouver, where they will occupy Major and Mrs. Swan's house in Shaughnessy for several months.

From Toronto

Miss Mary Ogilvie has arrived from Toronto to join her parents and sister, Col. and Mrs. Hunter Ogilvie and Miss Marion Ogilvie,

Mrs. H. L. Bevan, returned yesterday morning aboard the R.M.S. Empress of Japan from a delightful but brief visit to Honolulu.

Hostesses at Luncheon

Miss Fitz Gibbon entertained at a small luncheon party yesterday at her home on St. Charles Street in honor of Mrs. E. W. Hamber.

Visiting City

Mrs. A. Lipp, Vancouver, is here making a three weeks' visit with the Misses Eleanor and Isobel Stuart, Wark Street.

To Winter in South

Mr. and Mrs. J. C. Wilson, Maddison Street, left yesterday for Seattle, en route to California, where they will spend the Winter months.

Returns From Salspring

Mrs. D. C. Roberts, Shoal Bay, has returned to Victoria after a few days' visit to Salspring as the guest of Mr. and Mrs. N. W. Wilson.

Visited at Salspring

After a few days at Ganges visiting his mother, Mrs. Desmond Crofton, Mr. Donald Corbett has returned to Victoria.

Return to Vancouver

Mr. and Mrs. A. E. Atkinson, who have been staying at the Angela, have returned to their home in Vancouver.

Attends Sales in Seattle

Mr. A. E. Alexander, president of Foster's Fur Store, left yesterday to attend the raw fur auction sales in Seattle.

Staying at Angela

Mrs. M. Gamble, formerly of Vancouver, is at present living at the Angela.

Entertains at Tea

Mrs. J. M. Fowler, Sylvan Lane, was hostess at a tea party yesterday afternoon.

Women's Institutes

LAKE HILL
A hobby craft competition and silver tea will be held on Friday, December 9, at the Lake Hill Community Hall under the auspices of the ways and means committee of the Lake Hill Institute. Members and interested friends are asked to display their hobbies. Handicrafts, needlework, knitting and crocheting may be included. This competition is open to everyone and there is no entry fee. Prizes will be awarded. All hobbies must be in place by 3 p.m., the hour at which the affair is scheduled to open. There will be demonstrations of handicrafts, and a musical programme.

From Cambridge, Mass.

Mrs. Gordon H. Browne has arrived by airplane from Cambridge, Mass., to visit her father, Dr. T. W. Walker, and Mrs. Walker, Arbutus Road, Gordon Head.

Leave for South

Mr. and Mrs. Paul Koop, who have been spending some time in Vancouver, are leaving today for California, where they expect to sojourn for the Winter.

Return From Honolulu

Mrs. R. C. Ross and her daughter, who are staying with Mrs. Ogilvie's brother-in-law, the Honorable E. Burke-Roché, Pemberton Road.

Returned After Visit

Captain and Mrs. T. Cochran have returned to their home in Fort Lawton, Wash., after spending a few days at the Old Charming Inn, Oak Bay.

Appealing for School or Play

By MARIAN MARTIN
SHE'S as happy as a lark—for Marian Martin wears that mother stitched up for her birthday (and what child wouldn't be thrilled to receive such a pretty gift?) Youngsters will enjoy romping in this bloomer-frock, since the deep pleats are ideal for action. Mothers, too, will admire the perky swirl of the skirt, as well as the button-trimmed waists, the easy collar and puff sleeves. The easy making is another "drawing card"—and the Sew Chart included with this pattern shows just what to do and when. Use dimities and organdies for party frocks, and long-lasting percales or ginghams for everyday versions.

Pattern 9660 may be ordered only in children's sizes 2, 4, 6, 8 and 10. Size 8 requires 2½ yards 36-inch fabric.

Send 30c in coins for each Marian Martin pattern. Be sure to write plainly your size, name, address and style number.

Send your name to The Daily Colonist, Pattern Department, Victoria, B.C.

Is Convener of Gift Stall

MRS. A. McFARLANE

Who is convening the gift stall being sponsored by the Speedwell Circle of the King's Daughters at the annual King's Daughters' Christmas bazaar to be held in the Rest Rooms, Hibben-Bone Building, on Saturday.

Social Evening Is Held by Loyalists

The provincial branch of the United Empire Loyalist, Victoria, held a very successful social evening on Monday in the Macrae's Hall. The president, Mr. J. H. Taylor, gave a short address of welcome to the new members and visiting friends.

Dr. W. R. Gunn, the past president, gave a short talk on the subject and ideals of the society. A E. Dunlop, K.C., and Mrs. Dunlop, from Sooke, were in for the occasion, and Mr. Dunlop told of the early days in Shelbourne, Nova Scotia.

The birthday of a former president, Lieut.-Col. T. B. Monk, was celebrated. He cut the birthday cake after greetings had been extended to him.

Anglican Young People

LANGFORD-COLWOOD
The Langford-Colwood Branch held a meeting on Monday evening in the Legion Hall at Langford, with Kenneth Hincks in the chair. Miss Ethel Brown gave the report of the Local Council. New members will be installed at the next meeting. Corporate Communion will be held next Sunday at 8 a.m. Badminton will commence next Monday evening in the Colwood Hall and thereafter on alternate Monday evenings. The annual dance date has been postponed indefinitely. The members will visit the Legislature in Victoria on Thursday evening. Corporal W. Jaffery, of the Motor Vehicle Branch of the Provincial Police, gave an interesting talk on "Safety in Driving," and the forthcoming drivers' test.

ST. MARK'S

An executive meeting of the St. Mark's Branch was held in the hall on Sunday evening. Three groups were formed, and final arrangements made for a bridge and five hundred card party to be held in the hall tonight at 8 o'clock. Plans for badminton were made. Candy will be sold at the motion picture show, "Come to England," which is under the convenship of Miss M. George.

ESQUIMALT

The fortnightly card party of the Esquimalt W.I. will be held tomorrow in the church hall at 8:15. There will be good prizes and refreshments.

ST. ALBAN'S

The regular meeting of St. Alban's Branch took place recently. Elections were held for the positions of secretary and publicity secretary.

Proceeds in aid of the Queen Alexandra Soldiers' Home. Procure your tickets early!

LANDING OF COAL MINERS RECALLED

Two Hundred Pioneers of Nanaimo Attend Annual Banquet—Function Big Success

NANAIMO, Nov. 29.—Commemorating the arrival of the Princess Royal, that landed the first coal miners in Nanaimo in 1884, Nanaimo pioneers, two hundred strong, enjoyed their annual banquet at the Hotel Malaspina and pronounced the celebration their most successful observance of the important event.

Harry Freeman, president of the Nanaimo Pioneers' Association, presided. Mrs. W. F. Drysdale rendered a solo she had sung to Nanaimo audiences forty years ago.

J. H. Cocking, of Vancouver, formerly of Nanaimo, was guest speaker.

Harry Carrol revived such well-known men of the early days of this district as J. P. Plante, J. P., who, as police magistrate, had to judge such famous characters of that time as Mickey Dillon.

Ex-Mayor J. Baraby, Harry Shepherd and Dr. R. B. Dier entertained with interesting stories. Dr. Dier urged the perpetuation of Cathedral Grove, Cameron Lake.

William Fulton, Douglas Manson and Gladys Pinnott furnished the programme of music and recitations.

What Today Means

"SAGITTARIUS"

If November 30 is your birthday, the best hours for you on this date are from 9:15 to 11:15 a.m., from 1:15 to 3:15 p.m. and from 8:15 to 10:15 p.m. The danger periods are from 7:15 to 9:15 a.m., from 6:15 to 8:15 p.m. and from 10:15 p.m. until midnight.

If you will profit from some past experience, you may save yourself from a lot of trouble this day. You may find yourself face to face with some condition that has confronted you before. Do not count too much on the intelligence of subordinates or you are apt to be disillusioned. Good news is liable to come this day like "a bolt from the blue." It might be wise to be noncommittal. If asked to express your opinion on any subject with which you are not thoroughly familiar. Let no one talk you into betraying your principles, by doing something they wish you to do, say or write. Married and engaged couples, as well as those who are in love, must give credit where credit is due, and express their appreciation for kindness done, in no uncertain terms.

If a woman and November 30 is your birthday, you may too often assume that whatever you do is right. You are probably very fond of good food and sweetmeats, but vanity may interfere to the detriment of your health, should you be tempted to do

a foolish amount of dieting. You should learn to do everything in moderation. Your mental alertness may depend on your physical fitness, so it is advisable that you use common sense in regulating your hours and systematizing your method of living. As a professional entertainer, musician, poet, office executive, journalist or salesclerk, you are likely to do most efficient work in a very profitable manner. Your many qualifications to be a good wife and mother, give ample justification for forecasting a happy married life for you.

The child born on November 30, usually has plenty of incentive to please its parents, and to win the regard of its teachers and playmates. Praise may mean a great deal to this youngster, and is likely to stimulate its efforts. Children born on this date frequently succeed best in artistic, literary or professional activity.

If a man and November 30 is your natal day, your urge to make money and a name for yourself is likely to be reflected in the work you do. As a promoter, geologist, mining engineer, architect, contractor, politician, artist, author or actor, your accomplishments are likely to be of the highest order.

(Copyright, 1938, by Bell Syndicate, Inc.)

DEVILS CLUB ROOT GOING TO NEW YORK

COURTENAY, Nov. 29.—An order from a New York clinic for half a ton of devil's club root is providing employment for six men here. The bark of this root, when cured, is worth \$600 per ton and it is used in the treatment of diabetes. A sample shipment from this district was sent to New York by William Douglas early in July. As a result of tests made this further order has been placed.

At present most of the bark from this district comes from the Browns River, Little River and Dove Creek areas. The size to which this root grows and the price paid for it makes it possible for workers to realize quite good wages, Mr. Douglas explained.

READY TO SHARE

BRUSSELS, Nov. 29 (P).—Premier Paul Spaak told Parliament today that Belgium was ready to share responsibility in any attempt to end the Spanish Civil War, but refrained from proposing that Belgium offer herself as mediator. He declared mediation was a task for a great power or group of powers.

COMOX VALLEY PIONEERS MEET

Ten at Banquet at Courtenay More Than Sixty Years in District

COURTENAY, Nov. 29.—Pioneers of the Comox Valley gathered at the Native Sons' Hall, Courtenay, recently, as guests of Post No. 3, Native Sons of Canada, for the sixteenth old-timers' reunion. P. Leo Anderson presided.

About 120 persons sat down to the banquet which opened the proceedings. A brief roll call showed five present who had lived here more than sixty-five years and five others who topped the sixty-year mark.

After a brief welcome by His Worship Mayor M. S. Stephens, of Courtenay, various old-timers re-

called the early days and the progress made since their arrival. Speakers included William Backle, Denman Island; Rev. Thomas Mendes Davis, Union Bay; Rupert Shaw, Cumberland; George H. Pidcock, Courtenay; T. E. Banks, Cumberland; Joe Fitzgerald, Headquarters; Lou Cliffe, Comox; J. W. McKenzie, Sr., Courtenay; D. R. MacDonald, Comox; William Pidcock, Oyster River; Peter McEwen, Cumberland; Jack McKenzie, Comox; William J. McLellan, Sr., Cumberland; Albert Grant, Little River, and Thomas Ripley, Royston.

TWO MEN KILLED BY EXPLOSION IN IRELAND

DUBLIN, Nov. 29 (CP-HAVES).—Two men were killed and another injured in an explosion today at Castlefinn, County Donegal, apparently involving members of the banned Irish Republican Army. Officials found forty sticks of explosive, a time bomb and a large quantity of I.R.A. pamphlets in the wreckage of the building.

AROUND the HALL

6:00 p.m.—Spirits of the intrepid explorers, who made their way from the great Northland across thousands of miles of uncharted ocean to be the first Europeans to see the New World, will be typified during "The Spirit of Scandinavia," the chapter in "Adventures in Citizenship," to be broadcast over the national network of the C.B.C. CBR.

7:00 p.m.—Sir Gerald Campbell, British High Commissioner, and Napier Moore will be speakers at the St. Andrew's Society annual banquet, CBR.

9:00 p.m.—Fred Allen will bring his "Town Hall" players before the microphone for a full hour of entertainment, KOMO, KPO.

RE-ELECTION TO COUNCIL SOUGHT

Retention of Seat on Civic Body Is Sought by Alderman Archie Willis

Alderman Archie Willis announced yesterday he would seek re-election to the City Council at the civic elections on December 8.

During the past year, Alderman Willis has been chairman of the fire wardens and the business and trade development committee, a police commissioner and a member of the street lighting and lands committees. He was also a city representative to the B.C. Agricultural Association and the Victoria and Island Publicity Bureau.

As chairman of the franchise committee for the two years preceding 1938, Alderman Willis devoted considerable time to the study of the transportation and electric light and power issues.

He stated he was interested in the creation of a metropolitan area embracing the city, Oak Bay, Esquimalt and Saanich. With that object in view, he would like to see the establishment of a joint police or school system, created in a spirit of co-ordination and friendship. As an active member of the lands committee, he was "also" concerned with the continuation of a policy to stoke the advantages of acquiring reverted property for building purposes.

SONSTRUCK

"I am quite daunted by the repeated requests for money that come from my boy," writes a reader. Suffering from a touch of the son syndrome.

SCOTTISH SOCCER TEAM WILL PLAY IN DOMINION

Strong Club Will Oppose Dominoes Here on Saturday

All-Star Basketball Squad Which Will Travel to Hawaii and Philippines Coming From Seattle—Former College Stars on Line-Up—Three Games Tonight

The greatest collection of basketball material ever to come out of Seattle will invade the city Saturday for an inter-city battle against the Dominoes at the High School gymnasium. The Sound City aggregation will play in Victoria before embarking for a tour of the Hawaiian Islands and the Philippines. The usual preliminary game will open the programme at 8 o'clock and the main attraction is expected to get under way at 9:15.

Made up of practically the same players which Coach Hec Edmundson guided the University of Washington to the Coast Conference hoop crown two years ago, the Seattle squad is, without any doubt, the most formidable line-up ever to perform in Victoria. Playing at the guard positions will be Rosa Werner and Chuck Wagner, while at the center berth will be Ed Lovrich. Here's a list of the forwards, all of whom helped to make history at the University of Washington: Bob Egan, Jack Hanover, Ralph Cairney and Jack Gannon.

POWERFUL CLUB

This team is stronger in practically every department than the Alpine Dairy, Knights of Columbus, Italian Athletic Club or the DeMolays, famous Seattle clubs which have put up great arguments on the High School gymnasium. Egan, Lovrich, Gannon and Wagner will

PEDENS ARE LAP BEHIND

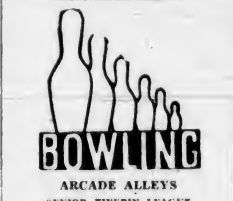

Victorians Riding Close Up To Leaders at Buffalo—Germans Dominate

BUFFALO, N.Y., Nov. 29 (AP).—German riders dominated the international six-day bike race tonight after a wild series of sprints which left two teams tied for the lead.

Gustav Killian, German ace, and his American partner, Bobby Thomas, were tied for first with Heinz Vopel and Ewald Wissel, all-German duo, shortly before midnight tonight.

Gerdar Debaets and Jerry Rodman, who shared the lead with Killian and Thomas during the first day's riding, were unable to meet the constant challenges from the first night, and faced into a tie for second place with four other teams. Standings at 11:30 p.m.:

	M.	L.	Pt.
Killian-R. Thomas	381	5	148
Vopel-Wissel	381	5	98
Walthour-Crosley	381	4	102
Audy-Yates	381	4	98
Peden-Peden	381	4	94
O'Brien-Fielding	381	4	52
Debaets-Rodman	381	4	50
Bergna-Bollaard	381	3	56
Rodak-Belard	381	2	20
C. Thomas-Jurca	381	1	20

ARCADÉ ALLEYS

SENIOR FIFTEEN LEAGUE

Ray Boe Cafe—N. Letich, 586; A. Harcourt, 702; A. Porter, 872; P. Carcoran, 811; T. Andrews, 815. Total, 3,197.

Arca-de—R. Carver, 543; C. Kinney, 488; C. Haxey, 797; low score, 501; C. Chislett, 430. Total, 2,693.

Elks won two.

Elks—W. Norris, 736; A. Anderson, 573; W. Burton, 578; R. Ross, 819; R. Turner, 637. Total, 3,341.

Good Falls Cafe—T. McConnaughy, 528; A. Valland, 614; D. Jones, 535; C. Davies, 561; B. Marshall, 697. Total, 3,134.

BASKETBALL

High School Gymnasium—7:15—Ramblers vs. Bees, Intermediate "A" boys.

8:15—Cardinals vs. Tull's Units, women's league.

9:15—Senators vs. Palm Dairies, senior "A" men.

WINNIPEG STAR SOLD TO ROVERS

WINNIPEG, Nov. 29 (AP).—Bill McMahon, twenty-three-year-old Winnipeg soccer player, will leave here shortly to join Ralith Rovers, in the Scottish League first division, it was learned here today.

McMahon, six-foot 190-pound centre forward, who played with Hollinger Mines in the Northern Ontario League last summer, will get a one-month trial with the Scottish eleven.

His brother Doug left Winnipeg two months ago, and now is performing with a reserve team of Wolverhampton Wanderers, of the English first division.

Toronto Argos' Gragger Away on Run

There was no downing Argos deep on their own side of the midfield "fence" when Storey got his hands on the ball, tucked it firmly under his arm and started to run for needed yardage. In came an Ottawa tackler, made a mighty grab for Storey's legs—and missed. Careful ball-handling made for few breaks for most of the hard-fought opener of the Big Four championship. The Scullers took their home game, 9-1.

Portland Boxer Is Winner Over Local Boy in Tournament

Vern Earling Decisions Nels Stephens in Golden Gloves Boxing Meet in Seattle—Six Other Canadians Remain in the Running

SEATTLE, Nov. 29 (AP).—Gordon Woodhouse, flashy welterweight from Vancouver, B.C., pounded his way through two elimination rounds tonight in Seattle's Golden Gloves tournament. Advancing with Woodhouse, British Columbia champion at his weight, were five other Canadians in three other divisions.

Lone Victoria to see action in tonight's card, Mel Stephens dropped a decision to Vern Earling, of the Pollock Club, Portland. Stephens won his first bout Monday via the technical route over Bob Kingen, Seattle.

Woodhouse won both victories tonight by knockouts. In his first appearance of the evening he felled Leo Mattias, of Black Diamond Athletic Club, in the opening round for the ten count, then came back in the third round elimination to knock out Ernie Wilcox, of Central, Wash., also in the first round. Paddy Blinn, of North Vancouver, defeated Alex Dixon, of the Potlatch Club, in the 135-pound class; Bob Hickle, another North Vancouver entrant, defeated Joe Coffey, of Toppensh, Wash.; Norman Dawson, Vancouver, B.C., defeated Dick Lott, of Grand Coulee; Ken Lindsay knocked out Ernie Vaughn, Longview, in the second round, and Bud Walsh, Western Sports Centre, defeated Toby Sport, Grandview, Athletic Club, in an all-Vancouver mix-up.

Ralph Clark, of Western Sports Centre, dropped a decision to Dale Maloney in the welter class, and Joe Ashenbrenner, of Grandview A.C., lost to Ken Wren, of the U.S.S. Lexington, also on decision in the middleweight division.

TANFORAN RACING

Time, 1:12.40. Also ran: Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40; Cloud, 15.40; Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40.

EIGHTH RACE—Mile and one-sixteenth:
Preston (Barnum) 1:11.80 19.20 15.90
Jimmie (Barnum) 1:12.40 19.20 15.90
Allie (Barnum) 1:12.40 19.20 15.90
Time, 1:12.40. Also ran: Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40; Cloud, 15.40; Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40.

NINTH RACE—Mile and one-sixteenth:
Preston (Barnum) 1:11.80 19.20 15.90
Jimmie (Barnum) 1:12.40 19.20 15.90
Allie (Barnum) 1:12.40 19.20 15.90
Time, 1:12.40. Also ran: Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40; Cloud, 15.40; Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40.

TENTH RACE—Mile and one-sixteenth:
Preston (Barnum) 1:11.80 19.20 15.90
Jimmie (Barnum) 1:12.40 19.20 15.90
Allie (Barnum) 1:12.40 19.20 15.90
Time, 1:12.40. Also ran: Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40; Cloud, 15.40; Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40.

ELEVENTH RACE—Mile and one-sixteenth:
Preston (Barnum) 1:11.80 19.20 15.90
Jimmie (Barnum) 1:12.40 19.20 15.90
Allie (Barnum) 1:12.40 19.20 15.90
Time, 1:12.40. Also ran: Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40; Cloud, 15.40; Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40.

Twelfth RACE—Mile and one-sixteenth:
Preston (Barnum) 1:11.80 19.20 15.90
Jimmie (Barnum) 1:12.40 19.20 15.90
Allie (Barnum) 1:12.40 19.20 15.90
Time, 1:12.40. Also ran: Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40; Cloud, 15.40; Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40.

Thirteenth RACE—Mile and one-sixteenth:
Preston (Barnum) 1:11.80 19.20 15.90
Jimmie (Barnum) 1:12.40 19.20 15.90
Allie (Barnum) 1:12.40 19.20 15.90
Time, 1:12.40. Also ran: Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40; Cloud, 15.40; Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40.

Fourteenth RACE—Mile and one-sixteenth:
Preston (Barnum) 1:11.80 19.20 15.90
Jimmie (Barnum) 1:12.40 19.20 15.90
Allie (Barnum) 1:12.40 19.20 15.90
Time, 1:12.40. Also ran: Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40; Cloud, 15.40; Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40.

Fifteenth RACE—Mile and one-sixteenth:
Preston (Barnum) 1:11.80 19.20 15.90
Jimmie (Barnum) 1:12.40 19.20 15.90
Allie (Barnum) 1:12.40 19.20 15.90
Time, 1:12.40. Also ran: Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40; Cloud, 15.40; Reddy, 15.40; Disent, 15.40; Royal Rover, 15.40.

REPRESENTATIVE XI TO BE CHOSEN FOR TRIP NEXT SUMMER

Ratification of Proposal of Selection Committee Will Be Adopted Next Month by Officials—To Perform in the United States—Victoria Is on Tentative Schedule

GLASGOW, Nov. 29 (AP).—The selection committee of the Scottish Football Association has recommended that a representative team tour Canada and the United States next year. It is expected the visit will coincide with the dates set for the tour of the King and Queen.

Ahe association council will deal with the committee's recommendation at a meeting to be held December 19 and ratification of the proposal is said to be likely. Definite decision regarding dates has not been made but it is probable the party will leave May 10 and be away two months.

Two representative S.F.A. teams have visited the Dominion and the United States in recent years. The last tour was in 1935, when a strong squad was unbeaten in thirteen games, scoring sixty-eight goals against eight. Matches were played in New York, Philadelphia, Toronto, Kitchener, Chicago, Calgary, Victoria, Vancouver, Winnipeg, Hamilton and Montreal.

The 1927 touring team played a twenty-game series losing one match to an all-star Toronto and district eleven. In a return match with the same team the Scots took full revenge, winning 10-0.

SIX WEEKS' TOUR

WINNIPEG, Nov. 29 (AP).—Secretary Sam Davidson, of the Dominion Football Association, today said he was "glad to hear" a team representing Scotland probably will tour Canada next Summer.

"We sent them an invitation some months ago, suggesting they make a six-week tour shortly after their season ends next May 6," Davidson said.

He said no tentative playing dates had been arranged and nothing definite will be done until the D.F.A. is certain the Scottish eleven is coming.

100. For the Springboks, J. Coeh hit up 61 runs and D. A. Parks 57 not out.

Tiger Jack Fox Defeats Gainer In the Coliseum

NEW YORK, Nov. 29 (AP).—Tiger Jack Fox, long-armed wallop from Spokane, gained a shot at the light-heavyweight championship tonight by outpointing Al Gainer, of New Haven, Conn., in fifteen dull, mauling rounds at the Bronx Coliseum. Fox weighed 174 1-2, Gainer 171.

The West Coast clouter, a wide-open target but one of the fastest punchers seen in the 175-pound ranks in years, belted his negro rival with enough hooks from each hand to win by a convincing margin.

A near capacity crowd of 10,040, who contributed to a gross take of \$6,396.80, greeted the verdict with mingled boos and cheers, but the Spokane slugger held a clear margin at the end. The Associated Press score card gave him seven rounds, with four for Gainer and four even.

ENGLISH SQUAD TRIUMPHS AGAIN

BLOEMFONTEIN, South Africa, Nov. 29 (AP).—Defeating Orange Free State by an innings and 24 runs here, the touring Marylebone Cricket Club team registered the fourth straight victory of its South African tour.

The Englishmen declared with a total of 412 runs for six wickets, their opponents compiling 128 and 260 in reply. In the Free State's second innings, Hedley Verity, Yorkshire veteran, captured seven wickets for 75 runs.

N. W. D. Yardley and H. T. Bartlett, English amateurs, put on 227 for the sixth wicket. Yardley made 182 runs and his Sussex colleague

Grimes Considered

MONTREAL, Nov. 29 (AP).—Leading contender for the job of managing Montreal Royals next year is Burleigh Grimes, turbulent ex-manager of the Brooklyn Dodgers, Hector Racine, president of the Montreal International League ball club, said last night.

Alex Hooks, Royals' first baseman, acted as manager after Rabbit Maranville's retirement last season.

WALLY BRYNJOLFSON

THIRTY-SEVEN-YEAR-OLD coach of the Victoria "Rep" Rugby fifteen, who played the local to a smashing 27-11 victory over the University of British Columbia Thunderbirds last Saturday at the Varsity Stadium, Brynjolfson played senior Rugby with the J.B.A.A. more than a decade ago and was four times chosen as a member of "Rep" squads. Closely associated with the Oak Bay Wanderers in more recent years as coach and club president, he developed the Wanderers Blues, undefeated Intermediate League champions of about three seasons ago. The club set up an enviable record in local play and was 100 percent against during the entire season. Brynjolfson will be at the helm of the locals when they oppose Vancouver "Reps" at Macdonald Park on Boxing Day.

OVERNIGHT ENTRIES

FIRST RACE—Six furlongs:
Grove (Fred) 1:11.80 19.20 15.90

Painted against the stark back-
ground of a big city and replete
with fresh dramatic turns which
make it a great original among the
more familiar types of anti-gang-
land films, Columbia's "I Am the
Law," will open today at the Atlas
Theatre, with Edward G. Robinson
convincingly starred as its dynamic,
gang-busting, fighting prosecutor.
Robinson's performance is superb;
better—if that be possible—than his
work in many previous stellar roles.
Otto Kruger is peerless as the glove-
smooth czar of the racketeers.

SOUTHERN CAL. IS SELECTED

Will Represent Coast in
Annual Rose Bowl Grid
Classic, Jan. 2

LOS ANGELES, Nov. 29 (AP).—Southern California was officially named today to represent the Far West United States in the Rose Bowl football game January 2.

Hugh C. Willett, president of the Pacific Coast Conference, formally announced the result of the vote of the ten members of the conference.

The University of California was the other candidate for the honor, the Golden Bears having tied U.S.C. for the conference title, both having won six and lost one conference game. U.S.C. defeated California 13-7.

It will be the fifth trip to the Rose Bowl for the Trojans. They have never been defeated in Pasadena's famed post-season game. U.S.C.

His Kicking Helped
Locals Win Game

JACK GROGAN

VICTORIA "Rep" Rugby full-back, whose fine kicking played a big part in the local McKechnie Cup triumph over the Varsity Thunderbirds. The young Oak Bay Wanderers' player converted two tries and three penalty kicks for a total of thirteen points and a perfect afternoon. Grogan will be at his regular berth Saturday when the Wanderers oppose the Navy in a Barnard Cup match at Macdonald Park.

defeated Pittsburgh twice, Penn State and Tulane in its four bowl appearances.

Lawn Bowling

VICTORIA CLUB

Organized in 1909, the Victoria Lawn Bowling Club, oldest club of its kind in the Province, will celebrate its thirtieth birthday next year with special features. Tentative plans for the birthday events were discussed at the meeting held recently.

In keeping with the forward policy of the club, the greens committee recommended resurfacing of the greens, and the general meeting decided to have the work carried out as soon as possible.

Officers, executive committee and delegates were named as follows: Honorary president, W. H. Halliday; president, J. A. Macdonald; vice-president, J. E. Day; executive committee, D. Dewar, J. Goldie, A. Marconini, Mr. Mossey, F. B. Yates, J. T. Keating, H. A. Beckwith, E. G. Mason, C. A. Hislop and C. W. Childs; delegates to Greater Victoria Association, J. A. Macdonald, J. Goldie, D. Dewar, T. A. Waterworth and C. W. Childs; delegates to the Provincial Association, Dewar and Macdonald; auditor, F. B. Exham.

Dunvegan Castle Damaged by Fire

ABERDEEN, Nov. 29 (CP-Havas).—Fire today badly damaged the southern wing of Dunvegan Castle, ancestral home of the McLeod clan on the Isle of Skye, Inner Hebrides, Scotland.

Miss Flora McLeod, owner of the castle, is a daughter of the late Sir Reginald McLeod of McLeod, twenty-fourth chief of the clan.

SWALLOWED A KEY

DRUMHELLER, Alta., Nov. 28 (AP).—Alfred Wolff, three years old, was without her key tonight. A week ago while playing she swallowed a key. In a delicate operation, Dr. Douglas Ross, of Drumheller, removed it from her stomach.

Will Defend Laurels In City Tourney

JIMMY WATT

YOUNG Brentwood Club star and present men's singles city champion, who will defend his title at the annual championships to be staged at the Willows Club courts from December 5 to 9, both dates inclusive. Defeated last week in the Saanich final, Watt will meet with plenty of stiff opposition in the coming tourney.

George Lane, suburban champion, and Tony Staples, former Duncan netter, are among those expected to provide the real test for the defending titleholder. Entries will close Friday with R. A. Phillips, 2745 Beach Drive, telephone E-4886. Players intending to compete are reminded that no time extensions will be granted.

ELECTED PRESIDENT

MONTREAL, Nov. 29 (AP).—Arthur Martel, of Montreal, has been elected president of the Quebec Provincial Federation of Labor by a vote of the executive committee. He succeeds Raoul Trepanier, of Montreal, who resigned to contest unsuccessfully the Montreal-St. Louis provincial by-election last month.

Promoter Jacobs After McLarnin to Come Back

New York Matchmaker Wants Vancouver Irishman
To Meet Armstrong Next Summer—Jimmy
Denies Report That He Will Fight Again

NEW YORK, Nov. 29 (AP).—Just when everybody suspected Henry Armstrong had outstripped all ring competition, Promoter Mike Jacobs confirmed such ideas today by announcing that Jimmy McLarnin is high on the list of probable opponents for "The Hammer."

Uncle Mike bracketed Lou Ambers with the Vancouver biffer as opponents for the little brown man who last Friday defended his welterweight title against Ceferino Garcia and disposed of the last ranking contender.

Jacobs has hopes of an Armstrong-Ambers welter title bout in February if "Larruping Lou," a natural lightweight, will step out of his class.

After that one, and banking of course on Armstrong to pass Ambers again, the wily boxing czar has his mind on an outdoor snail race next June between McLarnin, the one-time one-punch welter king, and "Hurricane Hank."

WOULD DRAW PLENTY

"Why, it should draw \$250,000," said Jacobs. "The fans haven't seen Jimmy in a long time and McLarnin always draws them."

Jacobs sounded out McLarnin and his old manager, "Pop" Foster, during a recent Pacific Coast trip. Mike reported Jimmy would fight Armstrong if there was enough money in it.

Jimmy said he'd like to try a comeback but wanted a month or two to work out and see how he shaped up before making a decision.

Most of the fight mob, the thought that Jimmy, now crowding the thirty-two-year-old mark, could come back after two years in retirement and beat Armstrong was not to be considered seriously.

DENIES COMEBACK

LOS ANGELES, Nov. 29 (AP).—Promoter Mike Jacobs may think Jimmy McLarnin is a probable comeback but wanted a month or two to work out and see how he shaped up before making a decision.

POPULAR STAR IN "I AM THE LAW"

Edward G. Robinson is Dynamic
Prosecutor in Entertainment at
The Atlas Today

Painted against the stark back-
ground of a big city and replete
with fresh dramatic turns which
make it a great original among the
more familiar types of anti-gang-
land films, Columbia's "I Am the
Law," will open today at the Atlas
Theatre, with Edward G. Robinson
convincingly starred as its dynamic,
gang-busting, fighting prosecutor.
Robinson's performance is superb;
better—if that be possible—than his
work in many previous stellar roles.
Otto Kruger is peerless as the glove-
smooth czar of the racketeers.

WILL NOT ALTER LIBRARY BY-LAW

Sanich Council Adopts Plebiscite
Setting Book Service at Eighty-
Five Cents

The Sanich Council last evening adopted the library service by-law for the municipality as originally drafted. On December 17 the rate-payers will be asked if they are in favor of a library service in Sanich at an estimated cost of eighty-five cents per property owner, per annum, and not to exceed \$2 to each property owner, per annum.

Earlier in the evening the council heard a committee interested in the library question. R. A. Williams being the spokesman.

The delegation asked that the wording, "not to exceed \$2" be eliminated from the by-law, arguing there was danger of the plebiscite being defeated because of the suggestion that the council might levy the maximum amount of \$2.

Mr. Williams quoted figures received from Miss Margaret Clay, librarian, that the cost to Sanich was not likely to exceed \$4,500. After a year or two it might fluctuate around \$4,000. He reasoned the eighty-five-cent tax would cover this cost and mention of the \$2 limit was not necessary.

However, the council felt it must protect itself and consequently declined to alter the original by-law.

Talk of Test on Fuel Control Law By Supreme Court

LOSING on the injunction appeal before the Court of Appeal yesterday, the Provincial Government, announced through Attorney-General Wamer they would seek a test of the validity of the B.C. Coal and Petroleum Products Control Act by way of a reference to the Supreme Court. Nothing was said in the Legislature, however, as the Government pressed the Public Utilities Bill forward steadily in committee.

such power would be used, the Government said.

Under the bill public utilities would be exempt from the Securities Act.

Much of the discussion was legal and technical. Premier Pattullo, Attorney-General Wamer and H. O. Perry piloting the measure, and Mr. Maitland and Opposition members providing the challenges. Specifically, Section 2, Sub-Section 6, definitions of "unjust" and "unreasonable," Sections 4, 9, 13, 14, 15, 16, 23, 24, 26 and 29 were stood over, and the balance up to Section 35 ratified, with only minute changes in wording.

One-third of the way through the bill the committee rose to report progress for the day, after two and a half hours of review.

AIR TRAGEDY CLAIMS FIVE

Continued from Page 1

Ore. The flight normally takes two hours and forty minutes.

FORCED OFF COURSE

United Airlines officials explained Stead was forced off his course by winds reaching a velocity of sixty-five to seventy miles an hour and a "cold front"—an atmospheric condition.

Stead, himself, said he had no trouble with the weather, but "radio reception was too good. There were so many signals coming in it was difficult to pick out the right ones." Because of this, he explained, he was unable to follow his radio beam to Oakland, across San Francisco Bay.

"Everybody was calm" when the plane was put down on the water, Stead said.

"We all went through the hatch," added Edelstein as he was lifted aboard a coast guard cutter to be taken to a hospital for treatment of a broken knee cap.

OTHERS DISAPPEAR

"One by one, the rest of the people disappeared from the top of the plane," Edelstein continued. "Only the captain and I were left. Then a wave came and I fell in. I went down twice."

"I hollered to him to help me and the captain reached down and helped me back on the wing. The two of us were washed off, but managed to fight our way to shore."

There the white combers lapped at their feet and a 300-foot cliff towered above them.

Near them, Stead saw Miss Clay seated on a rock. A wave whipped the shattered remnant of the plane toward her. She ducked, to escape it, and slipped back into the sea and disappeared.

LEGISLATURE STUDIES UTILITY LEGISLATION

Continued from Page 1

make regulations, and see that they are carried out.

The Government denied the intention of regulating rail, telegraph or telephone services where these come under Federal control by means of express authority. On the other hand, the Province seeks control over national utilities in provincial fields.

KEEPING TRAFFIC BRANCH

It developed in argument that as the bill is drawn, taxi-cabs are exempt, but trucks in private hands included. The Government announced that the highway traffic division of the Public Works Department would be maintained, to issue traffic licences. Municipalities as such, and municipalities under Provincial commission, will be exempt from the bill in respect to their own services.

The Pattullo Toll Bridge is exempt from the bill.

It was conceded that the bill was a repetition of the old Utilities Act of about 1909 in respect to many of its clauses, with new clauses added from more recently drawn utility laws in other provinces or states. Wide "information" clauses have been written into the measure.

The right to validate or approve municipal contracts drew firm objection, and that section was stood over for further review. R. L. Maitland, K.C., protesting that the clause as drawn could be used to create monopolies, and prohibit new competition.

AMENDING BILL

The Government deleted eleven lines under which municipalities might have been compelled to accept a utility, whether they wanted to or not. The lines were cut out as ambiguous. A following clause, dealing with powers over rail charters, was ordered stood over, following objections that if it passed, the board might prove superior to the Legislature itself. Commission review over members' railway passes was both imputed and denied. No

It's a family affair... for everybody will be shopping Thursday at THE BAY'S Pre-Christmas Sale.

Reiterates Statement On Crisis

"The Crisis in Czechoslovakia" was the subject of a thoughtfully analytical address by Captain H. O. Scott, M.A., LL.B., at the well-attended meeting of the Women's Canadian Club held at the Empress Hotel yesterday afternoon.

In this address Captain Scott followed much the same line of argument as he used in addressing the joint luncheon meeting of the Men's Canadian Club and the Kiwanis Club earlier in the day, when he had characterized the so-called Munich "accord" as less a triumph of peace than of "shameful surrender to lawlessness," and described the Nazi Government's technique as one of "infiltration, agitation and annexation," a method which, he warned his listeners, Germany would probably continue to pursue unless the world recognized it in time and put a stop to it. While conceding that Prime Minister Chamberlain and the British Government probably did the only thing possible, he deplored the hysterical wave of feeling which hailed the settlement as a wonderful triumph for peace. Again, too, he spoke of the unpreparedness of Britain and France as being due to the false theory that peace was the first interest of the British Empire, whereas the fact was that the real interest was that right should not perish from the world.

FIRST-HAND FACTS

In moving the thanks of the meeting to the speaker, Miss Jeanette Cann said that while everyone might not agree with the views expressed, it was well to have such first-hand facts.

Mrs. Harold Campbell, the president, was in the chair, and announced that the next meeting would be on Tuesday, December 13, with Captain Elmore Philpott speaking on "The Life and Aims of Adolph Hitler."

WOULD INSURE LINE OF DEFENCE

Continued from Page 1

Wishaw's statement said, "In the process of promoting Imperial development and unity through the consistent policy of cheapening and extending communications, the first being the recent introduction of a low flat rate for messages to and from all parts of the Empire."

NEW LINK IN CHAIN

"It may aptly be described as a new link in the strengthened Imperial chain," the statement said. "Equipment of stations with wireless would also insure a second and invaluable line of colonial defence." In the event of any interruption of cable communications, and would be a means of keeping in touch with aircraft and ships in their home waters.

"In view of the great advantages accruing to the colonies under the proposal," Mr. Wishaw said, "the offer has been made on the assumption they will issue non-restrictive licences on broad lines."

While the plan would start in the West Indies, equipment of other colonies would proceed almost concurrently and would be governed by the rapidity with which the installations could be manufactured, the statement said.

MARINE and TRANSPORTATION

DOCKED HERE
FROM ORIENTEmpress of Japan Arrived
Yesterday by Way of
Hawaiian Islands

From Far East ports via Hawaii, the Canadian Pacific liner Ss. Empress of Japan, Captain L. D. Douglas, R.N.R., commander, arrived alongside Rithet Piers at 10:30 o'clock yesterday morning. Officers of the ship reported an uneventful passage from Manila. The Japan brought in a total of 385 travelers in all classes, many of whom left the liner here, principally bound for destinations in the United States.

Mails were also landed and general cargo, totaling about 300 tons of general and including a shipment of Japanese oranges, was discharged to the local dock before the ship continued to Vancouver at 1 p.m.

Arriving on the big vessel were R. C. Ross and daughter, Mrs. H. L. Bevan, Victoria, who returned from a holiday trip to Honolulu; Mr. and Mrs. G. H. Phillips, the former being H.B.M. Consul-General at Seoul, Korea, proceeding to England; Mr. and Mrs. E. D. Gundelfinger, the former being manager of Libby, McNeill & Libby, Inc., Manila, on a vacation trip to the United States; Mr. and Mrs. H. J. Martin, the former being a prominent Vancouver lumberman, returning from holiday in Hawaii; and Mr. and Mrs. Manuel Cudrion, the former being an attaché at the Chilean Legation, Tokyo, bound for Chile.

ALSO ABOARD

Also coming in on the Japan were Mrs. F. V. McLane and daughter, wife of the Canadian Government trade commissioner at Kobe, who will holiday in Cranbrook, A. E. Vandercok, well-known mining engineer of San Francisco, who has been inspecting properties in the Philippines; Miss S. Skidegate, daughter of the Portuguese Minister at Washington, who visited Shanghai; H. R. Elver, of the International Nickel Company, Sudbury, who has been on a business visit to the Orient; I. L. Howell, general manager in the Far East for Bunge & Company, grain firm; R. C. Jones, export sales department, Union Oil Company of California, returning from the Philippines to headquarters in California.

Also aboard the Japan were Mr.

and Mrs. A. Greffe, Osaka, where the former is connected with the S.K.P. Industries of Japan; Mr. and Mrs. D. W. Johnson, the former being connected with the Goodyear Rubber Company; C. A. Butland, of the Asiatic Petroleum Company, Hongkong; Mr. and Mrs. V. Van Someren, the former being manager of the Java Sea and Fire Insurance Company, Shanghai, proceeding to Holland; Mr. and Mrs. G. Hulshoff, the former being manager of the Drydock Company of Surabaya, Java, en route to Holland; C. Callaway, Manila, connected with the Philippine Refining Company; and Major and Mrs. J. R. Thierstein, of the Salvation Army, returning to Vancouver from Chungju, Korea.

EN ROUTE TO
MAKE REPORTFinancial Adviser to Embas-
sies in Far East Bound
For England

E. L. Hall-Patch, who went to Manchuria with the Sir Frederick Leith Ross economic mission several years ago and remained in the Orient since then as financial adviser to the British Embassies in Far Eastern countries, was a passenger aboard the liner Ss. Empress of Japan arriving here yesterday. He is traveling on a round-the-world ticket, and will spend some time in Washington before continuing to London, where he will make a report to the British Government.

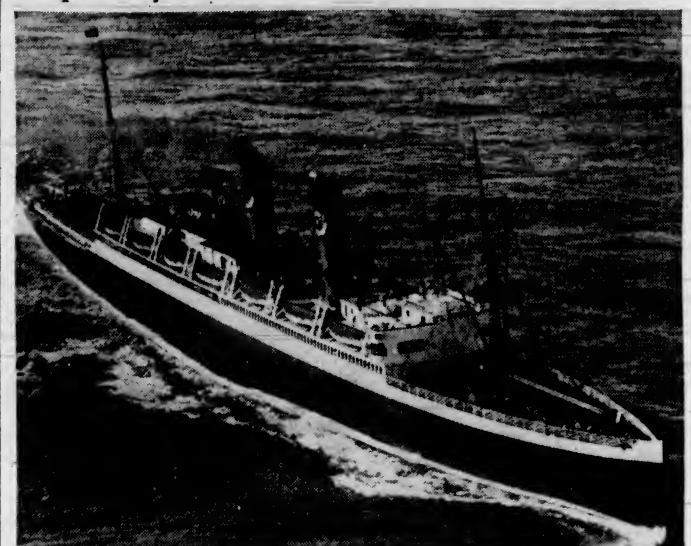

To ship reporters, Mr. Hall-Patch stated, in answer to queries concerning the ability of the Chinese to carry on their war against Japan for any length of time now, that "provided the Japanese cannot or will not prevent exports to move unrestricted from China, there is no evidence of any immediate collapse."

Mr. Hall-Patch left the liner here and proceeded to Seattle by the afternoon ferry.

ISLAND MISSIONARY

Rev. Father Ferdinand David, from the Cook Islands, was a passenger aboard the Empress of Japan coming in yesterday. He was accompanied by Rev. Father Philip Blom, Honolulu. They are bound for Amsterdam. Father David's mission is located on Manihiki Island. Out of 14,000 natives inhabiting the Cook Islands, about 2,000

Ship May Return to West Coast Service

The Ss. H. F. Alexander, a frequent visitor here when the Pacific Steamship Company operated a regular service between Seattle, Victoria, San Francisco, Los Angeles and San Diego, may be seen on the run again next Summer. According to reports from California, efforts are being made to organize a company and operate the "H.F." in conjunction with several other steamships.

profess Catholicism, he stated. The natives are of Maori blood, but the language is somewhat similar to Hawaiian. Father David likes it so well he is going back there next May.

VANCOUVER FLOATED

According to dispatches from San Francisco, the Hamburg-American Line's ship Vancouver, damaged by an explosion in the Oakland estuary several weeks ago, was yesterday floated, the hull having been reinforced with steel plates. Repairs to the damaged interior of the ship will require another month. Although the investigation to find those responsible for the blast is continuing, so far all clues have proved fruitless.

IDLESLEIGH ARRIVES

Arriving from Nanose Bay overnight Monday, the British steamer Idlesleigh was loading lumber cargo for the United Kingdom yesterday. The Idlesleigh is stowing 700,000 feet at the Ogden Point assembly plant.

DREDGE AT WORK

Deepening Victoria's outer harbor between Rithet Piers and McLaughlin Point, the suction dredger of the B.C. Bridge & Dredging Company, Limited, was at work yesterday. Alexander Halkett, Federal Department of Public Works engineer, is supervising the dredging operations. The work will continue day and night until finished. The Government Inspector on the contract for deepening the outer harbor as well as removing the rock from the inside basin is E. Cooper. The rock pinnacles of the inner harbor bottom have been practically all removed, the work finishing today, according to Harold B. Elworthy, manager of the Island Tug & Barge Company, which has the work in hand.

NEW SHIP LINE

Appointment of North Pacific Shipping Company, Limited, as British Columbia agents for the Brodin Line, a new Swedish steamship service which will commence in January, is announced by the manager of the British Columbia agency, Two vessels, Ss. O. A. Brodin and Ss. Disa, will maintain a regular monthly service between British Columbia ports, Mexico and all Central American ports. They are each of 3,000 tons deadweight and are coal burners. On the northbound trips the ships will bring coffee, while southbound they will specialize in general cargo.

ATTEMPTING NON-STOP
FLIGHT TO NEW YORK

LOS ANGELES, Nov. 29 (AP)—Pilot Johnny Jones, in a bi-plane, one-seater (Aerona) airplane, took off from Municipal Airport at 7:31 a.m., P.S.T., today on a non-stop flight to New York. He expected to reach his destination in twenty-eight hours. Jones is a former vaudeville and motion picture dancer.
